

THE DEMOCRATIC NOMINEE FOR GOVERNOR VISITS SALINE COUNTY—Herbert Paschen of Chicago, Democratic nominee for governor of Illinois, accompanied by his son, Herbert Jr., visited in Saline county Tuesday. Mr. Paschen came to Saline county from Marion and from here went to Salem for a party rally. He will be in Herrin tonight and will join with other state candidates in a 20-county rally at McLeansboro Thursday. Left to right, Leroy Barham, who introduced Mr. Paschen to Harrisburg voters; Mr. Paschen; State's Attorney Robert Wilson, who took the party around Eldorado, and Herbert Jr. Mr. Paschen's visit to Carrier Mills was under the direction of Everett Shaw. About Town

And Country

By TIMOTHEUS T

14-Year-Old Girl Describes 125-Year-Old House

A 14-YEAR-OLD MISS who lives on Galatia Route 3 has sent Timotheus an interesting letter and a tiny picture.

The letter tells of the house in which her family lives—it's 125 years old.

The picture is of her father standing by the side of the house.

The letter is from Betty Tate, and it reads as follows:

THE PICTURE

Betty's Father

About Town and Country I decided to write you something about the country I live on a 40-acre tract of land which has a house that has stood in the same spot for about 125 years.

"At first there were two log rooms with fireplaces in each room. After my grandfather built a small bedroom on the northeast corner of an open porch.

"My father has remodeled the porch into a kitchen. The floors are made of ash. The logs were hewn by the first owners with very crude tools. The cracks between the logs were filled with clay mud, which still remains. The west log room has been remodeled and that leaves the living room with logs showing except the east side which has been papered.

"The log room is 18 by 20 feet. That goes to show that log houses weren't too small.

"The front porch, which hasn't been remodeled, is made of logs and other rough lumber. It is 36 feet long. The foundation of the house is made of rocks and logs. The outside of the house has a covering of brick siding which was boarded up before.

"We have a variety of fruits

Higher Taxes Sunday on Tires, Gasoline to Pay for Road Program

WASHINGTON (UP) — If you need a new set of tires for your automobile, you can save about \$3.00 in taxes by buying them before midnight Saturday.

On Sunday the federal government will slap higher taxes on tires, gasoline, diesel fuel, trucks, buses and truck-trailers.

The increased taxes are included in a bill which President Eisenhower is certain to sign into law this week. The bill will put into effect the biggest construction program in history to modernize the nation's highways. The higher taxes on motorists and truckers are to help pay for it.

The House and Senate completed congressional action on the measure Tuesday.

Here is how the new taxes will affect motorists and truckers:

Tires — The federal tax will jump from five to eight cents a pound. This means a tax increase of 74 cents a tire on the tubeless ones with which new popular-make passenger cars now come equipped. Thus, it will cost \$3.70 more in taxes to produce a new automobile with a spare tire.

The tax on old-type tires, with tubes, of the same popular size will go up only 85 cents a tire, since they weigh less. The tax will go up much more on big heavy truck tires. Consumers will be hit immediately because retailers and wholesalers must pay the tax on their July 1 inventory.

Gasoline — The tax jumps from two cents to three cents a gallon. Some service stations may not boost gasoline prices immediately. Gasoline delivered to service stations by midnight Saturday will be exempt.

It will be up to each service

station operator to decide when to hike his prices. Some big stations in cities can store only a two or three day supply. Others can hold a week's supply. Some rural stations with little business need only bi-monthly deliveries.

Diesel Fuel — The tax jumps from two cents to three cents a gallon and truckers will be hit immediately, since this is a retail, rather than a manufacturers' excise tax, as in the case of gasoline.

Trucks, Buses and Truck-Trailers — The federal government will collect from manufacturers a tax equal to 10 per cent of their sale price, instead of the present eight per cent. The only way to escape the levy is to buy before midnight Saturday. Inventories in dealers' and distributors' hands on Sunday will be subjected to the tax.

Weight Tax On Trucks — Starting Sunday, operators of trucks weighing 13 tons or more will have to pay a new tax on \$1.50 per 1,000 pounds on the gross weight of their trucks. This amounts to \$39 for a 13-ton truck.

Tread Rubber — Manufacturers of camelback, or rubber used in re-treading tires, will be subjected to a new tax of three cents a pound.

During the next 12 months the new taxes are expected to raise \$612 million in revenue. The revenue over a 16-year period is forecast at \$14,814,000,000.

This money — along with most of the revenue from already existing highway user taxes — will go into a special new highway trust fund. Thus, motorists and truckers can console themselves that the taxes they pay will be used for building highways.

Gov't Considers Eventual Switch of All Telecasting to UHF Channels

WASHINGTON (UP) — The government is considering an eventual switch of all the nation's television broadcasting to new channels which most present sets are not equipped to receive.

The move, however, is only in the study stage and will be subject to long controversy and argument. Even if it were finally approved and ordered, the switch would require about 10 years to put into effect fully, most experts estimate.

The step under consideration would shift television broadcasting from very high frequency (VHF) channels to the ultra high (UHF) band. The Federal Communications Commission announced Tuesday that it is studying the matter.

12 VHF Channels — Most present TV sets receive only VHF channels—channels 2 through 13. Of the 37 million sets estimated in the nation, only 7 million are equipped to receive UHF telecasting only by installing an adapter. Such an installation costs from \$25 to \$75.

The FCC emphasized, however, that in any shift to UHF it would allow a transition period "sufficiently long to cover the useful life of VHF-only receivers in the hands of the public."

Reason For Study — Future sets presumably would be built mainly for UHF use. The newest models still are aimed at the VHF market but are built so that conversion to UHF can be

made in only about five minutes and at a nominal cost.

The reason FCC is studying the shift to UHF is that there are, at present, 70 UHF channels available for allotment for commercial TV stations compared to VHF's 12. Hence, it said, the shift would permit a greater number of stations for each reception area and establishment of stations in areas never before served by TV.

The FCC first began opening up UHF channels in 1952, but UHF stations established since then have had a rough go of it. The public had too few sets which could receive UHF, and VHF stations already were established in the field with superior programming and a prior claim on advertising dollars.

WASHINGTON (UP) — The Federal Communications Commission said Tuesday it is considering the following changes in very high frequency and ultra high frequency TV assignments in Illinois: Peoria-Rock Island, Ill.: Make Peoria all UHF by deleting Channel 8 and adding Channel 25 giving Channel 8 to Rock Island. This will force an exchange of Channel 77 for Channel 40 at Galesburg, Ill. Springfield, Ill.-St. Louis, Mo.: Make Springfield all UHF by transferring Channel 2 to St. Louis and giving Springfield Channel 38. This will necessitate a substitution of Channel 49 for Channel 53 at Lincoln, Ill.

Urges Caution by July 4 Motorists

SPRINGFIELD (UP) — Illinois motorists were urged today to "drive with extra caution and a constant awareness of the situation" to help reduce traffic deaths on the Fourth of July.

The plea came from Robert A. Campbell, state traffic safety coordinator, who said at least 76 persons died in July 4th traffic accidents in Illinois in the last five years.

Campbell's office will maintain a 30-hour vigil during the July 4 holiday period to keep a check on the state's traffic death count and to make appeals for safe driving.

Gov. William G. Stratton has asked all counties and cities to step up their traffic patrolling and enforcement for the holiday. The state police will have all available men on duty for the holiday.

Wilson Explains Grade A Milk Rules at Kiwanis

John Crawford Wilson of the Harrisburg Dairy Products was guest speaker at the Tuesday evening meeting of the Harrisburg Kiwanis club, talking on "Grade A Milk."

"Grade A Milk" was defined by Mr. Wilson as milk produced under the following rules:

1. Cows must have been tested for tuberculosis and brucellosis;
2. Milking must be accomplished in a building that has sufficient heat, light and ventilation;
3. Milk must be handled and cooled in a building separate from the milking shed.

The above are the minimum requirements, established by Illinois law, for the production of Grade A milk, the speaker declared.

All milk sold in Illinois for human consumption must be produced as Grade A milk by July 1, 1957.

To meet the requirements for Grade A production, dairy farmers will be required to make an investment of from \$3,000 to \$5,000, the speaker said, and added that ten dairy farmers in the area now meet Grade A requirements. At least twenty others have indicated they will make the necessary improvements.

Approximately half of the present producers of milk are either tenant farmers, or small operators, and are not expected to make the outlay of money to improve their facilities, Mr. Wilson stated.

However, he believes milk production will remain at the same gallonage as those farmers making the investment to meet Grade A requirements will probably increase their dairy herd to increase their production to make better use of their added facilities.

The speaker indicated there is a good field in Saline county for dairy farmers, as it was said only one-eighth of the milk consumed in Saline county is produced in the county.

The Harrisburg Dairy was recently selected by the dairy industry to be featured in a trade magazine with world wide circulation, Mr. Wilson revealed. The local dairy was selected for this honor in recognition of the many modern improvements made at the plant and for its efficient operations.

E. M. Van Zandt of Port Huron, Mich., construction engineer for the S. S. Kresge company, was a guest at last night's meeting of C. H. Shingler.

Elderly Newsboy Killed

KOKOMO Ind. (UP) — A 71-year-old man delivering newspapers on a motorcycle was crushed to death Tuesday.

The elderly newsboy was killed when he made a left turn in front of an oncoming auto.

Money-Saving Coupons Featured in Ads By Local Merchants

Clipping coupons can be a source of profit to the housewife as well as the financier.

A look at the inside pages of today's Daily Register will prove it.

Harrisburg merchants have gone all-out this week with coupons to give their customers the benefit of valuable savings. On Thursday, Friday and Saturday these coupons will be redeemable at many local places of business.

Instead of keeping on telling of these values, best thing to do is for you to start looking yourself. Take time out to read the money-saving advertisements in today's issue and see how many values you can pick up just by clipping coupons.

Playwright Given 10 Days To Clear Self of Contempt

Recover Auto Stolen By Boy In Louisiana

Ordered Confined To Jail by U. S. Commissioner McCabe

Local police authorities recovered a 1956 Pontiac about noon Tuesday that had been stolen in Baton Rouge, La., only 24 hours earlier.

Driving the stolen automobile was Eugene LeJeune, 14-year-old boy from Baton Rouge, who told authorities he took the automobile after having a quarrel with his mother and deciding to run away from home. He stated he was going to Chicago.

About noon Tuesday a teen-ager stopped at the Ellis truck terminal in Harrisburg, asking if he could do a few hours work to earn some money to buy gasoline. The person he talked with at the Ellis terminal began to question the boy, who said he lived in Harrisburg, when it was noticed his car had out-of-state license plates. After a few minutes boy left and the office of Sheriff William Barrett was notified. A description of the car and driver was put on the police radio and in a short time State Patrolmen Guthrie Alexander and Arthur Athmer, in Eldorado, spotted the car going north.

They stated that when the car was stopped, the driver talked freely, admitting taking the automobile in Baton Rouge from a dealer's display lot and driving the Pontiac to Illinois.

He gave the name of his parents, father's occupation, home phone and business phone. He said that after having a misunderstanding with his mother and deciding to go to Chicago, he took the automobile and drove this far alone. He had slept in the automobile Monday evening some place in Tennessee.

After bringing the boy and car to Harrisburg authorities in Baton Rouge were notified of the arrest. Young LeJeune is being held in the Saline county jail.

The lad was taken before U. S. Commissioner Harry L. McCabe this morning on federal charges of violating the Juvenile Delinquency act and of transporting a stolen vehicle across state lines. His bond was set at \$500 and he was ordered confined in the jail at Murphysboro.

McCabe said he was told this was LeJeune's second offense with a stolen automobile.

The Weather

Illinois: Mostly fair north, partly cloudy with chance of few showers south tonight. Thursday fair and pleasant. Low tonight 50s north, 60s south. High Thursday 78-85 south.

Have You Seen This? It's Not Far Away

A SCENIC SPOT JUST 16 MILES FROM HARRISBURG is Burden Falls, and here is a shot of the big rock formation taken yesterday, when there was but a trickle of water cascading over the bluff. All one has to do to see this double cascade (which has water pouring over in rainy seasons) is to take Route 145 to Delwood, turn right on the gravel road, and go about four or four and a half miles. You park your car near the road and a walk of about 200 feet is all that is necessary to get a view of the picturesque box canyon. Burden Falls is formed by a 15-foot drop near the road and a 50-foot drop just a short distance below. The above photo shows the 50-foot drop. (Daily Register Staff Photo)

Farley is Elected Chairman of Saline County Tourist Committee

Saline county last night organized its part of the Shawnee Hills Recreation Area by electing officers and naming committees at a Harrisburg city hall meeting which featured talks by State Senator Glen O. Jones; Rex Karnes of the Area Services department of Southern Illinois University; and William H. Farley of Harrisburg.

Mr. Farley, secretary-treasurer of the six-county Shawnee Hills Recreation Area, presided at last evening's meeting and was elected chairman of the county group, called the Saline County Tourist Industry committee.

Elected vice chairman was Pat Collins of Eldorado. Edward Bell of Carrier Mills was elected secretary and Eckert Ozment of Stonefort the treasurer.

Suggestions By Karnes

Following the election, Chairman Farley named a number of committees to get busy on suggestions made by Mr. Karnes. SIU is taking an active part in promoting the advancement of southern Illinois as a spot for tourists.

Here are some of the suggestions made by Karnes for the six-county tourist industry program (the other counties, which too are organizing separately, are Gallatin, Hardin, Pope, Johnson and Massac):

List scenic and historic sites; locate them on a county map; describe what there is to see and how to get there; and tell where signs should be located.

List motels, hotels, tourist rooms, camping areas, trailer parks and other housing in the county; give complete information on types of accommodations, rates, telephone numbers, how to get there.

Home Missionary Program

List approved eating places with hours of service. Tell about special local or area dishes. Give telephone numbers and prices how to get there.

List all activities which might interest tourists.

Prepare brief history of county. Start a home missionary program to acquaint the people at home with the tourist sites and the six-county area. Make them local and area tourist boosters.

All this information would be placed in a brochure.

Karnes reminded that a meeting of the six-county Shawnee Hills group would be held at 6:30 p. m. July 10 at Shawneetown home of the group's president, George M. Scherrer.

In their talks Mr. Farley told of the big job other states are doing to attract tourists and how Illinois is failing on this point.

Roadside Rest Areas

Jones told of his program to get the state to develop roadside rest areas in the scenic area with information on how to get to the desired spots in that particular area. He also told of the thousands who flock to the five state parks and to the recreation areas in the Shawnee National Forest from southern Illinois. He reasoned that if these places are so attractive for local people, tourists also would like them if a program is set up to get them here and to take care of them after they get here.

"To become a reality, the program must have the interest of the people in the area," he stated. "If no interest is shown, the project will die."

Jones' big interest is in boosting the economy of the six-county area by bringing the tourist dollar to southern Illinois. He told of the big attraction that this part of the country can make out of the Ohio river.

Fiance of Marilyn Faces Action By House Group

House Urged to Cite Four Other Balty Witnesses

WASHINGTON (UP) — The House committee on Un-American Activities voted 6-0 today to give Arthur Miller playwright fiance of Actress Marilyn Monroe, 10 days to purge himself of a possible contempt citation.

The committee also voted unanimously to recommend that the House cite for contempt of Congress four other recent witnesses. They include Otto Nathan, executor of the estate of the late Albert Einstein.

All five balked at certain questions during committee hearings earlier this month.

Miller, who testified last week, talked freely of his past associations with Communist-fronts but refused to name other persons. He said his conscience wouldn't permit him to do so.

A spokesman said the committee decided to give Miller "10 days to answer the questions . . . in order to purge himself of contempt and eliminate a possibility of contempt proceedings."

Nathan refused to answer some questions about Communist-front organizations, but did not plead the Fifth Amendment against possible self-incrimination. He also refused to surrender his passport.

The committee also approved contempt citations for John W. Simpson, St. Louis; William E. Davis, St. Louis; and Mrs. Anna Yasgur Kling, University City, Mo. The latter three appeared before the committee at a public hearing at St. Louis earlier this month.

A spokesman said Mrs. Kling admitted former Communist party membership, but refused to give the committee any information about other persons.

He added that Simpson and Davis refused to answer any questions pleading the privilege of the Fifth Amendment.

Husband of Former Local Woman Dies on Golf Course

Maynard Webb, 38, whose wife is the former Mildred Thornberry of Harrisburg, collapsed and died while on a golf course at Galesburg last Thursday. His funeral and burial took place at Alton Monday.

He was employed at Granite City by the Edison Tool and Die Manufacturing Co., and he and his wife and their only child, Sandra, five years of age, had lived in that area for four years. He was in Galesburg on a business trip and was having a game of golf with a business associate. He was on the putting green and raised his hand for silence when he suddenly collapsed. He was a strong healthy looking jovial man and his friends thought he was "kidding" them at first. He died at 5 p. m.

Mrs. Webb is at the home of her parents, Mr. and Mrs. Chester Thornberry, 1923 Cleveland street, Granite City. She and Mr. Webb were married June 3, 1947, in Harrisburg, and they lived in St. Louis for three years before going to Granite City. She and her parents are very well known here.

Eldorado Man Re-Enlists In Air Force; Son Also Leaves for Examination

An Eldorado man last week re-enlisted in the U. S. Air Force for his fourth hitch and today his son left with two others for St. Louis to take their Air Force examinations.

Enlisting for the fourth time was Thomas Gibson Perkins, who signed up here last Thursday, Sgt. James Gilbert, local recruiter, reported.

Today his son, James Leon Perkins, 1900 Main street, Eldorado, left for St. Louis with Arthur Thompson Barton, Eldorado Route 3, and Norman Dale Bostright, Harrisburg Route 1, and if they are accepted will take their basic training at Parks Air Force Base in California.

Foreign Aid Bill

Editorial — BY BRUCE BLOSSAT

It seems fair to conclude that President Eisenhower would not have thrown his weight and prestige into the congressional fight for the full \$4.9 billion foreign aid proposal if he did not believe the program vital to America's welfare.

Yet the administration and its leaders in Congress failed to win the day in the House and evidently have slim chance to score in the Senate. At most the Senate might restore \$500 million of the \$1.1 billion chopped out by the House. But some of this would undoubtedly be lost in reconciling differences between House and Senate versions.

On top of this is the fact that the bills now under study are "authorizations" for foreign aid expenditure; the actual appropriations are voted in separate measures later. And the history of foreign aid legislation is that the appropriations are normally smaller than the authorizations.

Why has Mr. Eisenhower lost this battle so far?

The reasons are probably several. In an election year, "economy" has a great sound to lawmakers who must face the voters in the fall. Since foreigners don't vote in our elections, it is always most convenient to save money on foreign programs.

Secondly, the always-potent congressional resistance to foreign aid as such has increased as the program has stretched out through the years. After nearly a decade, the cumulative effect of this opposition is substantial.

And, thirdly, in this particular year the forces favoring the \$4.9 billion total appear not to have answered effectively the opposition argument that the aid program can draw upon some \$6 billion in unexpended funds previously appropriated.

The proponents declare these funds already are committed for earlier aid projects which simply have been slow in developing, that to shunt money from them to other aid uses would be to cripple the program severely. Yet this defense has not registered heavily with the lawmakers.

A great many seem thoroughly convinced that aid officials have plenty to spend no matter what Congress does this time. Senator Russell of Georgia even talks of diverting some of the previously voted money to actual U. S. military use. He wants to cut the aid bill deeper than did the House.

It would be hard enough in a campaign year to put a full foreign aid program over in the best of circumstances. Unless the administration can somehow sell a majority of U. S. senators the idea that the proposed cuts really would be damaging, they are not likely to be restored. That \$6 billion hold-over looks to Congress like a pretty fat cushion.

Salk Vaccine Proves Itself

Last year's furor over "bungling" in the Salk vaccine program is today largely forgotten. We have cheering news from its discoverer, Dr. Jonas Salk, that properly handled it may in time be 100 per cent effective against polio.

Furthermore, the U. S. Surgeon General, Dr. Leonard Scheele, recently told a convention of the American Medical Association that there were 75 per cent fewer cases of polio among vaccinated children than among those who received no Salk shots. The product now is believed to be considerably more efficient than when the first injections were given to these youngsters.

We still have tough obstacles to surmount in heart disease, cancer and mental ills. But the dread scourge of children, polio, seems surely on the way out as a factor in the nation's health.

Daily Record

The Congressional Record is the day-by-day record of what takes place in the Congress of the United States, including the speeches made by the senators and congressmen.

NEA Service, Inc.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Nehru Didn't Relish Talking To Dulles Instead Of Ike; GOP Publishers Print More Critical Comments About Ike's Messes This Time; Tom Downey Expects To Be In Washington In 1957.

WASHINGTON. — Quite a few diplomatic cables were exchanged across the Atlantic before the State Department was able to sidetrack the long-scheduled visit of Prime Minister Nehru of India.

At first the prime minister was advised informally that the President's illness would interfere with the visit and that while Mr. Eisenhower would be delighted to see him briefly, most of the conferring must be done with Secretary of State Dulles.

This did not please the Indian premier, who has talked to Mr. Dulles before and doesn't particularly like him. He hasn't forgotten that Dulles statement siding with Portugal in the row with India over Goa.

So Nehru was so burned up at the idea of talking to Dulles, not Ike, that his aides indicated he might not come to the U. S. A. at all.

It was at this point that he sent the cable to the President suggesting that the trip be deferred until Ike was fully recovered.

CONGRESSIONAL TV TRICKS

There's a trick to everything, including running for Congress. When Congressman Bill Ayres of Ohio and Glenn Davis of Wisconsin, both Republicans, decided to fly some balloons at the congressional baseball game, the Democrats tried to stop them.

Ayres and Davis, being smart politicians, knew that the annual baseball game between the Democrats and Republicans would be televised. So they prepared some balloons marked "Ayres is a sure hit," "Davis is your friend," and ordered them delivered to the ball park. But they made one mistake. They ordered employees of the Post Office Department to put them on a mail truck for transportation to the stadium.

Whereupon the Democrats got wind of this proposed use of the taxpayers' money for purely political purposes, and Postmaster Morris of the House of Representatives stopped the truck. After that, Davis and Ayres had to hire their own truck. They got the publicity, all right, but at least the taxpayers didn't have to pay for it.

GOP PRESS ON IKE

This newspaperman's mail has increased as a result of the President's illness. Most of my readers seem to be most sympathetic toward Mr. Eisenhower, but want all the facts about his health. Some of them, Republicans, believe GOP leaders are taking advantage of the President, imposing on him, risking his life further by demanding that he run again. A few editors have criticized my columns on Ike's health.

On the other hand, some of the outstanding Republican publishers in the nation have been extremely frank, much franker regarding the second illness than regarding the first.

Wrote John S. Knight of the Detroit Free Press, Miami Herald, Akron Beacon-Journal, and associated newspapers:

"The seriousness of the President's illness has been minimized by friendly editorialists who point

to Adlai Stevenson's operation for kidney stones; Harry Truman's gall bladder operation; the recent surgery on Gov. Averell Harriman's prostate gland; Senator Lyndon Johnson's heart attack; and Senator Stuart Symington's sympathectomy for high blood pressure in 1947.

"How idle and misleading it is to pretend that the President, a former heart case and chronic sufferer from gastric disturbances, can fully regain his old vigor. But in their anxiety over the future, the Republican strategists and the big guns in the business world are determined to have Ike run, even though he may not last through a second term under the pressures of the job."

MORE FRANKNESS

Here are other quotes from Republican or conservative newspapers showing a much more forthright approach this time to the problem of the President's health:

Toledo Blade: "A great many doctors must have said to themselves that they never before heard a doctor speak with such optimism about a patient right after he had undergone major surgery." . . . Richmond, Va., New Leader (Democratic but strongly pro-Eisenhower): "Surgery is nothing to laugh off. It means a strain on an already weakened heart. . . . Twice within a nine-month period his body has given way. What might happen in the future is anybody's guess." . . . Hal Burton in Newsday: "The complex of the indispensable man is growing up again in Washington. The last time we suffered that complex was when Franklin Roosevelt was president. He was a great man, but not indispensable. Nobody is. The moment we hit this point in the United States we shall have substituted an elected dictator for an elected president." . . . Houston Chronicle: "The (London) Daily Herald commented with some justification that millions of Ameri-

cans may 'feel a little sickened, perhaps, if they feel or know that Ike's expectation of life is being sacrificed on the altar of the Republican party'."

WASHINGTON WHIRL

Tom Dewey told friends in Washington last week: "I'll be seeing you in 1957." They took this to mean the dapper ex-New York governor intends either to run for the Senate or to join the Eisenhower administration. Most likely: He'll replace John Foster Dulles as secretary of state. . . . The Republican National committee is so sure Ike will run, despite his health, that it has ordered neon campaign signs with Ike's name in lights. . . . Secretary of Defense Wilson put his own judgment ahead of the combined warnings of all the intelligence agencies when he announced confidently that our giant Jet B-52 is "greatly superior in altitude and distance" to the Soviet Bison. Intelligence reports agree that the Bison and the B-52 are nearly equal in performance. . . . Wilson also claimed the Russians have no tanker planes to refuel the Bison in flight. This flatly ignores intelligence reports that the Soviet long-range bomber, the Bear, has been converted into a huge, airborne tanker. . . . It was also Wilson, incidentally, who insisted that Russians couldn't build a long-range jet bomber for years to come. Yet Russia is now producing Bisons three times as fast as we are building B-52's. This has been confirmed by pictures of Bisons flown over Moscow in broad daylight.

BIBLE THOUGHT FOR TODAY

Now hardly shall they that have riches enter the kingdom of Heaven, Luke 18:24. If they regard themselves as God's trustees they will get in all right. Rich men and poor together give five billion dollars a year to benevolent objects, in America alone. All rich men are not sinners, nor are all poor men saints.

Bettag to Address Teachers on 'Mental Health In Schools'

CARBONDALE, Ill. — Southern Illinois school teachers and administrators, will hear Otto L. Bettag, director of the Illinois Department of Public Welfare, speak on "Mental Health in the Schools" at the sixth annual College of Education Conference July 10-11 at Southern Illinois University.

On the staff of five leading hospitals and a lecturer at Northwestern University, Bettag is widely recognized for his leadership in both the fields of tuberculosis treatment and mental health.

Other speakers will include Charles D. Tenney, J. E. Grinnell, Eugene Fitzpatrick and Donald N. Boydston of the SIU faculty; Walter F. Johnson, professor of guidance at Michigan State University; and R. C. Steck, Anna State Hospital superintendent.

Another feature of the meeting will be an extensive exhibit of educational materials sponsored by the Illinois Bookmen's club.

Chlorophyll not only gives plants their green color, but gives them the ability to unite carbon dioxide and water, and thus produce starch and sugar.

California's Flowers

Of some 30,000 different flowering plants in the United States, about one-sixth are found in California, which has more than any other state.

Colgate's new aerosol type insecticide

"Kan-Kil" kills

flies
mosquitoes
roaches
ants and other bugs

faster, easier than any other type bug killer

and it smells good, too

KEEPS ROOMS FREE OF FLYING INSECTS LONGER! Kan-Kil Bug Killer is easy to use—no spray gun necessary, no fumes, no mess! . . . Just press the button. Britain to Cut Defense Spending

LONDON (AP) — Britain today announced a 141-million-dollar cutback in current defense spending.

The cutback was announced on the eve of a crucial Commonwealth prime ministers' meeting here which observers said could make or break the empire alliance.

The British army suffered the biggest chop, the navy the second largest, and the air force the least.

The cuts were in with Britain's previously expressed belief in a changing military situation in which the major deterrent to war would be the hydrogen and atomic bombs and the airpower needed to deliver them.

U. S. Jaycees Bestow Awards at Annual Convention

KANSAS CITY (AP)—The United States Junior Chamber of Commerce today bestowed its highest state honor on Minnesota Jaycees for their work with industries in the state.

Second place went to Arkansas members for their work with libraries and third to Connecticut Jaycees for their aid in disaster relief following Hurricane Diane last year.

The awards, plus several others and some 335 citations to individual chapters, were made today at an awards banquet at the Jaycees' 36th annual convention.

Sweepstakes winners for individual chapters were Meridian, Miss., for civic improvements; St. Paul, Minn., for fire prevention; Odessa, Tex., for Americanism; Hopkins, Minn., for membership and personnel; Baton Rouge, La., for extension; and Miami, Fla., for international relations.

The bream is a European fish and is not found in the United States.

Driver Education Program Pays Dividends: Nickell

SPRINGFIELD — Vernon L. Nickell, State Superintendent of Public Instruction, said today that "the steady growth of the driver education program in Illinois high schools is paying big dividends in highway safety for our young people."

Studies show that school trained drivers are involved in less than half as many traffic accidents as untrained drivers in the same age groups, Nickell said.

Of about 700 high schools, 277 offered behind-the-wheel instruction in 1954, 293 in 1955 and 333 in the school year just completed. More than 75,000 students in 653 high schools received driver education but in 320 of these schools with 54,000 students, only classroom instruction was given last year.

Nickell said that in the Illinois public school system there are 1777 qualified driver training teachers. These are persons who meet general requirements for a high school teaching certificate. About 400 of these have successfully completed a certified college

Sells Property At Carrier Mills

Robert Whitney, Carrier Mills real estate dealer, reports the sale of the property of Mr. and Mrs. Harold Wasson on Washington street in Carrier Mills, to Mr. and Mrs. Stanley Lehman.

Mr. and Mrs. Wasson who formerly lived in this house, now reside in Galesburg. The Lehmans are newlyweds and will occupy their new home soon. He is employed by the Stonefort Corporation at Will Scarlett mine.

Huge Amphitheater

More than 10,000 people can be seated in the natural sandstone amphitheater in the Park of the Red Rocks, in the hills west of Denver, Colo.

course in driver training instructions.

Last year 396 cars, all donated by local dealers, were used in the high school programs.

Supervision of the program in Nickell's office is under direction of George Mathis of Springfield, an assistant superintendent for health, physical education and safety.

Political Unrest Boils in Latin American Areas

MEXICO CITY — Political unrest boiled today in half a dozen Latin American countries hit by paralyzing strikes, riots, threatened assassination and hints of open invasion.

In Peru, the government suspended for 30 days certain constitutional guarantees in an attempt to end rioting in which more than 60 persons have been injured.

Guatemala was reported tense with the government fearful of armed incursions by pro-Communist Guatemalan exiles in Mexico and El Salvador. A state of siege was imposed on the country Tuesday following a clash between student rioters and police.

From Havana and Rio de Janeiro came reports of the arrests of men plotting to murder the presidents of Cuba and Brazil. Police were holding an Albanian gunman they said was brought to Rio by Communists to assassinate President Juscelino Kuvitschek.

In Havana, Brig. Gen. Raul Salas Canizares, G2 of the Cuban army, said that Communists planned to assassinate President Fulgencio Batista on June 3 but called off the attempt for an unknown reason. He said that police captured 10 men implicated in the plot along with a cache of arms during the weekend.

Twenty persons are being held in Mexican jails on charges of plotting to overthrow Batista in an international conspiracy believed to have links in Tampa, Miami and New York. Mexican police were said to be on the trail of at least 20 more suspected plotters.

Godfrey and His Friends to Go Separate Ways

By WILLIAM EWALD
United Press Staff Correspondent
NEW YORK — Arthur Godfrey, who chopped down his TV family tree with his little hatchet, buries it officially at the end of this week.

The redhead and what are left of his friends will go their separate contractual ways from midnight, June 30 on. Performers such as Jan Davis and the McGuire Sisters will float in and out of Godfrey shows, but they won't be bound to him by contracts.

No one will anymore, says Godfrey. The ax that Godfrey wielded was perhaps the strangest in the history of show business. It was a blade of gold—it brought money and fame to almost everyone it touched. It also brought love and occasional appearances on the Ed Sullivan show.

Perhaps the most fortunate of the Godfrey small fry has been Julius La Rosa. A crooner with a pleasant but undistinguished voice, La Rosa got an allowance of about \$900 a week while he was with Godfrey.

Godfrey put Julius' head on the block on Oct. 19, 1953, for cultivating one of the McGuire Sisters instead of humility. It was a surprise stroke, but a rewarding one—Julius, say those close to him, earned \$300,000 that first year away from Godfrey.

La Rosa, now a more polished singer, appears regularly in top night spots, has dropped into the Sullivan and Perry Como shows and this July 14 to Aug. 4 will sit in for Como on NBC-TV. Earlier this year, he married one of Como's secretaries, Rory Meyer, and they now live on Manhattan's East Side. He stands to gross about \$500,000 this year.

As La Rosa puts it: "Mad? Why, I never was or could be mad at Mr. Godfrey. He gave me my start and my biggest break. I'll always be grateful to him."

Report on Tests On Illinois Coal Blends for Coke

URBANA, Ill.—Tests made on Illinois coals to determine how they might be blended to increase the yield of foundry-size coke are reported in a new circular published by the Illinois State Geological Survey, according to John C. Frye, chief.

Plants producing foundry coke are located within shipping distance of the low-sulfur coal fields of southern Illinois. The new circular, "Factors Affecting Coke Size," is one of several survey publications reporting studies made to encourage the use of these coals by the coking industry.

It deals with studies made on a blend of southern Illinois and eastern coals on which three series of coking tests were made. In the first tests, anthracite fines were added to the blend; in the second, coke breeze was added; and in the third, coking time was lengthened. A comparison of the quality and quantity of the resulting

Stonefort Register

Mrs. Alvin Nicholson, Correspondent

Mrs. Tressa Murphy visited Wednesday morning with Mrs. Virginia McCabe.

The Baptist Bible school group of the Baptist church enjoyed an outing and a supper at Lake Glendale Monday night.

Mrs. Nettie Buckner spent the week end with Mr. and Mrs. Bob Holmes.

Mrs. Alvin Nicholson and daughter and son had dinner Monday with Mrs. Betty Richerson and children.

Mr. and Mrs. Herald Holmes and daughter of Anna spent the week end with Mrs. Minnie Turner.

Mr. and Mrs. George Martin of St. Louis are spending a few days with Mr. and Mrs. Malen Deaton.

Mrs. Martha Roper of Carrier Mills is spending a few days with her son-in-law and daughter, Mr. and Mrs. James Hancock.

Guests who visited at the home of Mr. and Mrs. Walter Furlong last week were their son, Jim, of Great Lakes, Mr. and Mrs. Logan Furlong, Mr. and Mrs. Virgil Mattingly, Walnut Grove, Mr. and Mrs. George Lewis and family, Carmi, Mr. and Mrs. Arthur Hill, Mr. and Mrs. Paul Whitlock, Mr. and Mrs. Claud Dunn, and Joyce Barger.

A fish fry and dinner was given at the home of Mr. and Mrs. Cecil Church near Harrisburg Sunday. Those present were Mrs. Bonnie Paden and son, Keith, of California, Mr. and Mrs. Vernell Nicholson, Mr. and Mrs. John A. Donnellson, and Patsy Hodder, Creal Springs, Mr. and Mrs. Lloyd Nicholson and daughters, Tampra Jeannine, and Pamela Ann, Carrier Mills, Mr. and Mrs. Rolla Whiteside and Trevor, Mr. and Mrs. Johnnie Richerson and Jimmie Dwayne and Connie Ruth, Harrisburg, Mr. and Mrs. Webster Hall, and Mr. and Mrs. Alvin Nicholson, Stonefort.

Mr. and Mrs. Milo Henshaw and son, Clarence, spent Sunday with Mr. and Mrs. Earl Overstreet and family.

Mrs. Opal Redwine and Mrs. Rose Stuart visited Mrs. Edith Duvall Thursday evening.

Mr. and Mrs. Virgil Hood, Herin, and Mrs. Hettie Hood, Creal Springs visited Mr. and Mrs. Aud Gay Sunday evening.

M. F. Bynum spent Sunday with Mr. and Mrs. Will Hall.

Mrs. Bonnie Paden and son, Keith, of California, spent her vacation with her parents, Mr. and Mrs. Alvin Nicholson, and other relatives.

Mr. and Mrs. Rawlings Duvall announce the arrival of a new grandson born to their son and daughter-in-law, Mr. and Mrs. Bill Duvall, Carrollton, Ill. The new baby has been named William Joseph Jr. The Duvalls have two other sons.

Mr. and Mrs. Carlos Hancock of Lapeer, Mich., spent last week with their parents, Mr. and Mrs. Jim Hancock and Mr. and Mrs. Jenkins.

Mr. and Mrs. Harry L. Joyner are proud parents of a new son born last week at the Marion Memorial hospital.

Mr. and Mrs. Alvin Nicholson visited Thursday with Mr. and Mrs. Clarence Vandyke at Marion.

Mrs. Laura Rose visited with Mrs. Edith Duvall Friday afternoon.

Mr. and Mrs. Randall Greeny and daughter, Frances, Creal Springs, Mr. and Mrs. Ron Whitling and sons, Carrier Mills, Mr. and Mrs. Glen Gurley Jr. and children, Mr. and Mrs. Glen Gurley Sr. and Helen and Glen Allen enjoyed an outing at Clear Lake Sunday.

Mr. and Mrs. Don Pyle and daughters of Michigan, spent the week end with Edward Appel.

Mr. and Mrs. Buster Matthews of Kankakee spent Sunday with Mr. and Mrs. U. B. Craig and J. E. Craig. Others present were Mr. and Mrs. Paul Richerson and Phillip Craig.

Mr. and Mrs. Johnnie Richerson and children, Mr. and Mrs. Sim Richerson Jr. and son, Mr. and Mrs. David Hill and children, Mr. and Mrs. Paul Richerson, and Mr. and Mrs. Phillip Trammel and children visited Mr. and Mrs. Sim Richerson Sr. and family Sunday evening.

Harry Craig of Tennessee and Mrs. Tressa Trammel of St. Louis were called home due to the death of their aunt, Mrs. Mary St. John.

Mr. and Mrs. Glen Gurley and Helen and Glen Allen spent Friday in St. Louis.

Mrs. Winnie Craig is spending the week with her parents, Mr. and Mrs. F. R. Harwood of Benton, and she is assisting her father in a camp meeting there.

Mrs. Mary Evetts and daughters are spending a few days with her parents, Mr. and Mrs. Matt Fiala, in Harrisburg.

Jimmie Don Wilhite of Marion foundry coals is made in the report.

The circular, which is illustrated, is available free from the Urbana offices of the Illinois State Geological Survey, a research division of the Illinois Department of Registration and Education. Authors of the report are H. W. Jackman, P. W. Henline and Dr. F. H. Reed.

3 Million Tons Of Uranium Mined Annually in U. S.

DENVER —The Atomic Energy Commission revealed Monday night that more than 3 million tons of uranium ore is being mined annually in the United States.

Jesse C. Johnson, raw materials chief for the AEC, revealed the production total, hitherto secret, at a uranium and atomic industry forum.

Johnson also revealed the United States has known uranium reserves of more than 30 million tons and potential reserves in the produc-

ing areas of another 30 million tons.

Only 70,000 tons of uranium were mined in the United States in 1949, when the AEC came into being. Annual production is now expected to reach 5 million to 6 million tons.

Nine uranium mills are in operation now, and three more will be ready this summer. By 1958, this number may be doubled.

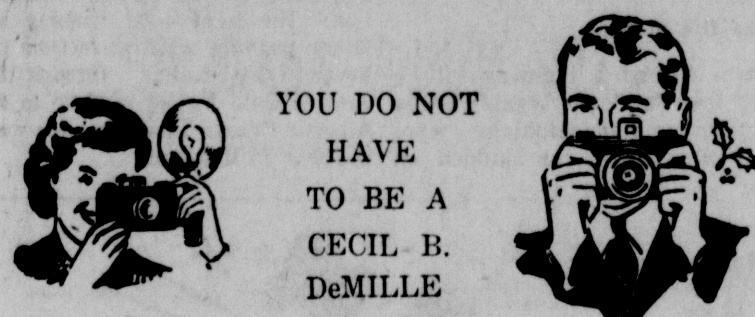

"At present, the United States is the free world's leading uranium producer," Johnson said. "Even with the large expansion now under way in Canada, and further expansion in South Africa, domestic production during the next five years will continue to provide a large portion of our total uranium supply."

Jones Address at Egyptian Council Meeting Over WEBQ Tonight

I. M. Taylor, manager of radio station WEBQ, today announced that the address of Atty. Glen O. Jones, made at the area Boy Scout meeting held Monday night at the country club, would be presented over the station at 7:15 tonight.

Taylor pointed out that the station made a tape recording of the speech for radio broadcast purposes.

Easiest way to wash Venetian blinds is to put them into a bathtub full of warm, soapy water.

Any one of the cameras we have to offer you will take pictures of which your family will be proud.

SIMPLE TO OPERATE. FUN TO OWN. Vacation time is the ideal time to get started. Stop in and look them over.

Let us supply all the film you think you might use on your vacation, colored or black and white. You may return what you don't use.

Officers Elected
By County Ass'n for
Mentally Retarded

The Saline County Association for Mentally Retarded Children met Tuesday evening, June 26, at the First Christian church.

Mrs. John Brown from Marion and a representative of the Egyptian Association for Mentally Retarded Children showed slides of the Summer Day camp for mentally retarded children held last year at Little Grassy Lake.

A similar camp will again be sponsored this year by the Egyptian association beginning July 16 and lasting four weeks. Parents interested in sending their children from this area are asked to contact Mrs. Aaron Dudley, secretary, at the phone number is Carver Mills 4232.

Officers for next year were also elected at the meeting and are as follows: President, Miss Sara Ellen Nelson, vice president, Mrs. Aaron Dudley; secretary, Miss Linda Yarbrough, and treasurer, Mrs. Cecil Reed, of Eldorado.

T. C. Murray, Former
Eldorado Resident, Dies

T. C. Murray, 80, former Eldorado resident, died at 9:30 p. m. Tuesday in the McLeansboro Nursing home. He had later lived in Enfield and had been in the nursing home the past two months.

He is survived by one daughter, Mrs. Zena Gray, Eldorado, and two sons, Lexie Murray, French Lick, Ind., and Lawrence Murray, Collinsville.

Dies Near Cave-in-Rock

Mrs. Bessie Clanton, 69, died Tuesday morning at the home of Mrs. Charlie Foster near Cave-in-Rock.

Funeral services were held today at 2 p. m. at the Rock Creek church with Rev. Harley Rose officiating and burial at the Adams cemetery.

Norris City Women Dies

Mrs. Anna Barnes, well known life-long resident of Norris City, died at 2 p. m. Tuesday at her home in Norris City.

The body is lying in state at the family home and funeral services will be Thursday at 2:30 p. m. at the Norris City Presbyterian church. Burial will be in the Ebenezer cemetery south of Norris City.

Markets

GOP Governor Denies Petition for
Eisenhower No Anti-Nixon Move

ATLANTIC CITY, N. J.—Gov. Fred Hall of Kansas insisted today that Republican governors had not joined in an "anti-Nixon move" by failing to call for re-

Giant AF Tanker
Plane Crashes;
11 Airmen Dead

Fully Loaded
Refueling Ship
Explodes in Field

ROSWELL, N. M.—Eleven airmen met flaming death Tuesday night when a giant Air Force tanker plane crashed, fully loaded, in an open field and exploded.

The KC97 refueling plane caught fire shortly after takeoff from Walker Air Force Base and spun to earth. It was bound for a rendezvous with an Air Force jet bomber for a practice refueling.

The plane slammed almost vertically into the field 10 miles south of Walker. It blew up on impact but all 11 bodies were recovered quickly.

The bodies were badly mangled and identification of the dead was delayed several hours.

The victims included:

1st Lt. Richard C. King, 27, aircraft commander, South Minneapolis, Minn.

M. Sgt. Wallace H. Gross, 34, flight engineer, Madison, S. D.

The KC97 is powered by four propeller-driving engines. It is so roomy and easy to fly that airmen call it the "Cadillac of the Air Force."

It can refuel the Air Force's B52 and B47 jet bombers, as well as smaller interceptor and fighter planes.

"We have no idea what caused the fire and crash," a Walker AFB spokesman said. He said a board of inquiry will supervise the re-assembly of the wreckage in an effort to determine what went wrong, "but it will take a long time."

The crew on the ill-fated KC97 was assigned to the 509th Air Refueling Squadron at Walker AFB.

nomination of Vice President Richard M. Nixon.

Nixon's name was conspicuously absent in a petition circulated by Hall Tuesday among GOP governors attending the annual conference of governors. All 30 of the Republicans present signed the resolution calling for the renomination and reelection of Mr. Eisenhower.

Final sessions of the conference were scheduled today.

Hall told a reporter that the Eisenhower petition was intended "just for the President," who is convalescing from an operation at Walter Reed Hospital in Washington.

A Get-Well Card

"There is no reason that we can't send the President a get-well card without it being interpreted as an anti-Nixon move," he said.

Gov. Goodwin J. Knight of California, who is cool toward Nixon, denied a report that he had served notice that he would not sign if the vice president were included. But he would not say whether he would have signed.

In any event, the Republican governors appeared to take it for granted that their party would renominate Nixon, whose position seemed more shaky a few months ago.

Herter Advances Nixon

Gov. Christian A. Herter of Massachusetts told a news conference Tuesday that he expects Nixon to be "the overwhelming choice" for renomination at the national convention.

Herter, who might be tagged for the second place nomination if Nixon is sidetracked, said the vice president is "very popular in many quarters and has some enemies in others."

Gov. Averell Harriman of New York, who has been the center of political attention among the Democrats here, was host Tuesday night at a cocktail party for the Democratic governors. There was no sign of any politicking at the party in behalf of Harriman, who is a contender for the Democratic presidential nomination.

Nineteen of the 34 Democrats invited put in an appearance. They included governors firmly committed to Adlai E. Stevenson for the nomination and men from the South who are strongly anti-Harriman.

U. I. Trustees Adopt \$63.6 Million Budget

CHICAGO—The University of Illinois board of trustees today adopted a \$63,622,000 budget for the year starting July 1.

The university said the budget \$63,418 above the current one, is based on an expected enrollment increase of 1,314 next year.

Trustees also approved a budget of \$1,063,650 for the Athletic Assn. in 1956-57.

Five contracts totaling \$656,117 were awarded for construction of the new Band Building on the Champaign-Urbana campus.

Legion Chief to Address Boys State Assembly

SPRINGFIELD—J. Addison Wagner, Battle Creek, Mich., national American Legion commander, will address the Boys State assembly here Thursday.

Some 1,400 boys from across the state are here for the 21st Boys State assembly, designed to teach them the fundamentals of citizenship and politics.

The youngsters will elect a Boys State government Friday.

A similar girls assembly, Girls State, with 466 girls participating, was held at Jacksonville. The girls toured the state Capitol and the Lincoln shrines here Tuesday.

The assemblies are sponsored by the Illinois American Legion and other civic organizations.

To Award Contracts For Three Armories

CHICAGO—An Army engineer spokesman said today the government hopes to award contracts by July 1 for construction of armories at Belleville and Wood River, Ill., and North Judson, Ind.

The armories will be used for the training of Army reservists—200 men at each of the two Illinois armories, and 100 at North Judson. Bids on construction of the armories were opened Tuesday.

Arsenal Carrier's
Explanation

CHICAGO—Harry Owens, 36, of Dallas, Tex., had a ready explanation when detectives found his car loaded with a revolver, 100 bullets, a tear gas gun with three shells, 11 daggers, three switch-blade knives and burglary tools Tuesday. "My hobby is shooting," he said, "and I throw daggers and knives to amuse myself." The tear gas gun? "I like to see people cry."

Tucker Wins
Nomination of
Indiana Demos

INDIANAPOLIS—Adlai E. Stevenson, pro-labor Mayor Ralph Tucker of Terre Haute and Agriculture Secretary Claude Wickard were the winners today in the Indiana Democratic Convention.

All indications were that the bulk of Indiana's delegation to the Democratic National Convention would switch to Stevenson on the second ballot after voting for Sen. Estes Kefauver, the Hoosier primary winner, on the first.

But Stevenson may not have the Hoosier delegation all to himself. New York Gov. Averell Harriman, backed by former Democratic national Chairman Frank McKinney of Indianapolis, and Sen. Stuart Symington of Missouri showed unexpected strength among the delegates who will cast Indiana's 26 votes.

Ralph Tucker, a dark horse, stole the state convention spotlight from the presidential aspirants and Wickard.

The Terre Haute mayor fought his way through nine ballots before winning the nomination to run for governor Tuesday night. Wickard's easy victory over former U. S. Dist. Atty. B. Howard Caughran for the chance to run against GOP Sen. Homer Capehart in the fall was an anti-climax.

Tucker's victory may have damaged the home-state prestige of Democratic National Chairman Paul Butler.

Butler, a South Bend attorney, was an active figure in pre-convention huddles. He was reported to be a backer of Petersburg attorney Hugh Dillin for the gubernatorial nomination, even though he insisted he was neutral.

U. S. Steel to Bank Furnaces

NEW YORK—U. S. Steel Corp. announced today it will begin banking furnaces at its giant Gary, Ind., works tonight as a precautionary measure against a possible strike by the nation's 650,000 steel workers.

An official of the world's biggest steel company said it will begin cooling furnaces in the Pittsburgh, Pa., area Thursday.

Anywhere from three to four days are required to shut down a steel mill, depending on its size.

The Gary Plant is U. S. Steel's biggest steel making unit.

Industry spokesmen said banking operations must begin at this time to avoid costly damage to the furnaces in the event of a steel strike at midnight Saturday, when the companies' contract with United Steelworkers Union expires.

The U. S. Steel announcement came as crucial "big three" steel negotiations entered the home-stretch. Hopes for a settlement were encouraged by a report that the steel companies were willing to compromise on a three-year contract instead of a five year contract.

Legion Chief to Address Boys State Assembly

SPRINGFIELD—J. Addison Wagner, Battle Creek, Mich., national American Legion commander, will address the Boys State assembly here Thursday.

Some 1,400 boys from across the state are here for the 21st Boys State assembly, designed to teach them the fundamentals of citizenship and politics.

The youngsters will elect a Boys State government Friday.

A similar girls assembly, Girls State, with 466 girls participating, was held at Jacksonville. The girls toured the state Capitol and the Lincoln shrines here Tuesday.

The assemblies are sponsored by the Illinois American Legion and other civic organizations.

To Award Contracts For Three Armories

CHICAGO—An Army engineer spokesman said today the government hopes to award contracts by July 1 for construction of armories at Belleville and Wood River, Ill., and North Judson, Ind.

The armories will be used for the training of Army reservists—200 men at each of the two Illinois armories, and 100 at North Judson. Bids on construction of the armories were opened Tuesday.

Senate Rebuffs
Eisenhower
On AF Measure

WASHINGTON—Republicans today virtually abandoned hope of blocking a Democratic drive in Congress to give the Air Force nearly one billion dollars more in appropriations than the administration asked.

They suffered a major defeat Tuesday when the Senate, handing President Eisenhower his stiffest rebuff on military policy, voted 48-40 to allot the Air Force an extra \$660,000,000. It did so in approving, 88-0, a bill providing an overall \$34,783,734,000 in defense funds for the new fiscal year beginning Sunday.

The defense measure now goes to a Senate-House conference committee, where the extra money for the Air Force must again be passed on. But House appropriations specialists indicated today they will accept some—and possibly all—of the \$60 million dollars voted by the Senate, most of which would go for increased plane production.

While Congress moved to increase U. S. defense funds, Britain announced a 141-million-dollar cut-back in its current defense spending, which totals about 4 billion dollars. The British said the cut-back was made possible as a result of economies and would not entail a manpower reduction.

Boy Killed When He Touches High Voltage Wires, Falls Into Creek

FARMER CITY, Ill.—James Parr, 16, was killed late Tuesday when he apparently touched a high voltage line and fell into a creek.

Authorities have not yet determined if he was electrocuted or drowned. The accident occurred near his home.

About Town
And Country

(Continued from Page One)

which have been here for a long time. We also have an old one-horse buggy and an antique corn grinder. My mother has a tea-kettle which has been used 19 years.

"At one time there was a slope mine started where they used mules and donkeys with which to haul out the coal, but the shaft is now caved in. They have tested for coal and the coal is still there. Maybe some day another mine will be started.

"I will send you a picture later on of the house.

"Sincerely,
"Betty Tate"

"P.S.: I am the 14-year-old sister of Galatia's former basketball captain, John Tate."

Wasn't that a fine and enlightening letter from a 14-year-old?

Authorities have not yet determined if he was electrocuted or drowned. The accident occurred near his home.

Tornadoes, Thunderstorms On
Rampage in Nation; Six Killed

By United Press

Tornadoes and furious thunderstorms went on a rampage across the northern Midwest and South Tuesday night and today, ripping down buildings and killing at least six persons.

At Grand Rapids, Mich., still jittery over a disastrous tornado last April, a false twister alarm sent hundreds of panicky office workers into the streets.

Police said "a lot of people just went nuts."

The U. S. Weather Bureau reported tornadoes Tuesday night in the Middleville, Mich., area, near Crawfordville, Ind., and at Denmark, Wis. Thunderstorms and high winds were even more destructive, accounting for three deaths by lightning bolts.

At Chicago, temporarily under a tornado alert late Tuesday, a lightning bolt killed Joseph Cimino as he worked on a construction job. Another bolt killed George Nelson, 45, as he fished on Wolf Lake near Almond, Wis., and Mrs. Melissa Mabel Mears, 55, was killed by a bolt that lashed down without warning at Marianna, Fla.

Three Die in Skid

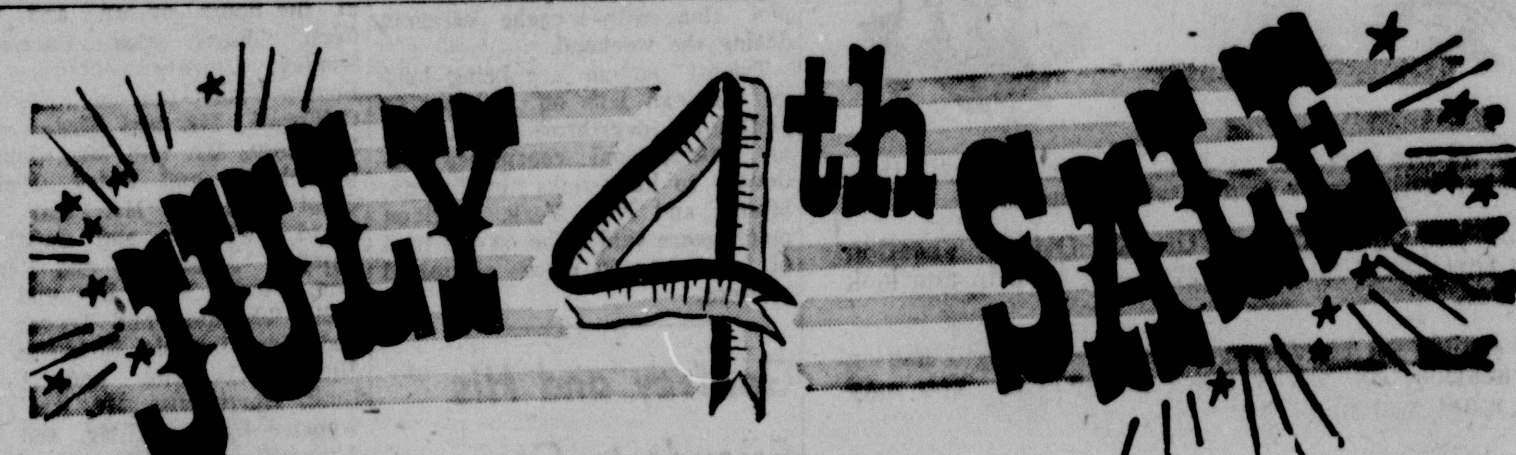

Rains turned a highway into a death trap in Pennsylvania. Three vacationing Philadelphians were killed when their car skidded on the rain-swept Pennsylvania Turnpike.

At Camp McCoy, Wis., lightning struck tents where men of the 32nd Wisconsin National Guard Division, undergoing summer training, were sleeping. Thirteen of the men were burned and Cpl. Lawrence Nelson, River Falls, Wis., was credited with saving a comrade's life by applying prompt artificial respiration.

A warning of possible tornadoes and a brand new siren were the key factors in the panic at Grand Rapids. Police had banned the use of all sirens in the city, even for emergencies, so that the city's siren could sound a warning of any approaching twister.

In the middle of the alert, the siren went off. Office workers, remembering the 17 dead in last April's twister, fled from downtown offices. Officials couldn't figure why the siren went off, since there was no tornado. Firemen, in charge of the device, called it "an act of God."

The violent weather was touched off by a battle between cold and hot air over the nation's midsection. The heat was winning out today pushing southward from the lower Great Lakes through the eastern Ohio Valley and on to the Atlantic Coast. Temperatures went up 10 to 15 degrees.

YOUNG DR. DOOLEY IN ACTION: After Viet Nam, Laos.

By KENNETH GILMORE

NEA Staff Correspondent

WASHINGTON — (NEA) —

Young Dr. Dooley is hardly one to sit back and watch the Communists make hay.

Once again this blue-eyed Irishman with all the charm and guts of his ancestry is preparing to head for Asia to spread his personal brand of good will.

Baseballs, movie cartoons and much needed medicine—these will be the simple but effective diplomatic tools of Dr. Thomas Dooley, a rather remarkable young American.

The former Navy doctor, who has written a best seller about his experiences caring for refugees from North Viet Nam, is now getting ready to go to Laos.

As a civilian, he's determined to spread some grass roots good will in this tiny country endangered by communism.

"The future of Laos is shrouded in a mantle of uncertainty heavier to pierce than that associated with any of the other newly independent countries of Asia," he says. "Rather than curse the darkness perhaps we can light a few candles."

Next September, 29-year-old Dr. Dooley and four ex-Navy medical corpsmen who worked with him before will start visiting the mountain people of Laos loaded with gifts, entertainment and medicine.

"We will present ourselves to the village chief, then throw a baseball around, play with the kids and that evening eat with the natives," he says. "At nightfall we will show them

Dooley is also throwing in mon-

ey from the sale of his popular book, "Deliver Us From Evil," an account of his work with North Viet Nam refugees over a year ago.

"This is a job that has to be done, and I'm just egotistical enough to think it can be done," he says. "With our small mobile unit we are going to go on the offensive for America in Laos and not just sit on our duffs and deny what the Communists say about us."

Vermont Trees

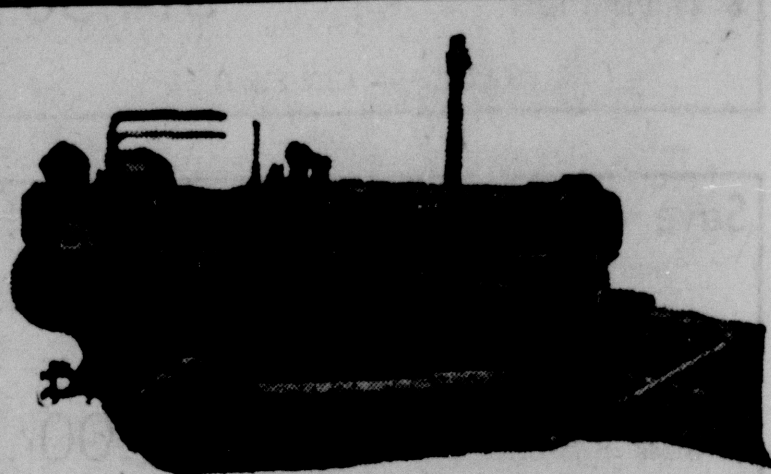

Hardwood types of trees cover more than two-thirds of Vermont's commercial forest area, with sugar maple, beech and yellow birch the dominant types.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes...Relief Lasts for Hours!

New York, N. Y. (Special) — The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription. Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms. This formula is so effective that it is the physicians' leading asthma prescription—so safe that now it can be sold — without prescription — in tiny tablets called *Primatene*®.

Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension. All this without taking painful injections. The secret is — Primatene combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress. Each performs a special purpose. So look forward to sleep at night and freedom from asthma spasms — get Primatene, at any drugstore. Only 98¢ — money-back guarantee. ©1958, Whitehall Pharmaceutical Company

Nixon to Talk in Manila

MANILA, P. I. (UP) — U. S. Vice President Richard M. Nixon will deliver a speech here on the 10th anniversary celebration of Philippine independence July 4, it was announced today.

Social and Personal Items

Miss Sherry Lynne Hensley, Lt. Donald R. Chambers Wed at Methodist Church

(Ronnie's Studio Photo)
Mrs. Donald Robert Chambers

In a three o'clock ceremony Sunday, June 17, at the First Methodist church in Harrisburg, Miss Sherry Lynne Hensley, daughter of Mrs. Ruth Hensley and the late George Hensley, 315 North Webster, became the bride of Lt. Donald Robert Chambers, son of Mr. and Mrs. James Everett Chambers Sr., 715 North Webster.

Two large fan-shaped pedestal vases of white stock and aqua majestic daisies combined with huckleberry and emerald foliage and an altar lighted with candles provided the background for the double ring ceremony performed by the Rev. W. L. Cummins.

Given away in marriage by her brother, George Jerald Hensley, the bride was lovely in a floor length gown of French embroidered rosebud, designed with an applied illusion tulle filled bodice featuring a Batteau neckline. The many tiered skirt of tulle ruffles cascaded from the front of her gown to the back merging into a chapel sweep train. A French crown trimmed with seed pearls was joined to her finger tipped veil. The bride wore long mitts with the sleeveless gown and carried a bouquet of white orchids placed on a white Bible, which was a gift from Mrs. Pearl Sherman, and was surrounded with stephanotis and streamers of white velvet tubing with a gardenia and tiny blue lovebirds concealed among the net on the back of the bouquet. The tradition of "Something Old" etc. was carried out in the attire of the bride.

Maid of honor, Miss Margaret Ann Brashear, lifelong friend of the bride, was gowned in soft aqua nylon tulle. Folds of aqua tulle crisscrossed at the neckline on the front of her dress, forming a short train in back. She wore a picture hat of aqua trimmed with aqua shasta pompoms and net. Her gloves were aqua nylon and her shoes of aqua lace.

Lighting the candles at the wedding were Robert Conover and Miss LaNell Gwin. Miss Gwin wore a ballerina length torso styled gown of deep gold polished cotton. Her dress featured a square cut neckline, close fitting bodice, and softly full skirt. She wore a matching bandeau of deep gold and gold pompoms.

James E. Chambers Jr., Benton, Ky., and brother of the bridegroom, was best man.

Robert Conover, J. T. Gaskins, George Frederick Hensley, Floyd Jones, and Harry Gene Moore served as ushers at the wedding.

Mrs. Hensley chose to wear for her daughter's wedding a gown of heavenly blue designed of chantilly lace. The torso lines of the dress were highlighted by a pleated lace band at the softly scooped neckline and hip line. She wore a tiny hat of blue and matching blue gloves. Her corsage was of gardenias and stephanotis.

Mrs. Chambers selected for the wedding a toast ensemble of polished cotton, designed with short sleeves, a V-styled neckline, and flared skirt. She wore a picture hat of toast straw and completed her outfit with yellow accessories. Her corsage was of yellow glamelias.

Miss Lorene Dorris furnished organ music for the wedding and accompanied Miss Shirley Karnes who sang "Walk Hand in Hand," "The Lord's Prayer," and recited the poem, "How Do I Love Thee," by Elizabeth Barrett Browning accompanied with music.

Following the ceremony, a reception was given for the bride and groom in Wesley Center. A white dome-shaped wedding cake encircled with tiny birds and white rosebuds topped by a miniature bride and groom.

couple decorated the center of the table at which Miss Ann Funkhouser served cake and Miss Connie Beth Ingram served punch. A large white screen trimmed with huckleberry foliage and two large standards of white stock and blue painted daisies furnished a background behind the table on which a crystal punch bowl and a large silver candelabra with white candles were also placed. Miss Dorris also provided music during the reception and Mrs. Ronny Riegel attended the registration of guests. Miss Letitia Skaggs caught the bridal bouquet thrown as the couple left the church.

Out of town relatives at the wedding were Attorney and Mrs. John Paul Davis of Anna, Ill.

The bride is a graduate of the Harrisburg Township high school and attended MacMurray College for Women in Jacksonville. The bridegroom is also a graduate of the Harrisburg Township high school and attended the University of Illinois two years and Southern Illinois University one year. He is now a jet flight instructor in the United States Air Force.

Following the reception, the couple left for a wedding trip to the Kirkwood Lodge at the Lake of the Ozarks, Mo.

Two showers were given for the bride by the younger set prior to her trip to Bryan, Texas, with the bridegroom's parents to see him receive his wings.

Miss LaNell Gwin gave a miscellaneous shower and Miss Margaret Ann Brashear gave a personal shower with a buffet supper. The mother of the bride gave a dinner party for the girls in the wedding party at her home.

After July 3, the couple will be at home in Selma, Ala.

Susannah Wesley Class Meets With Mrs. Walter Cummins

The Susannah Wesley Sunday school class of the First Methodist church held its June meeting at the home of Mrs. Walter Cummins, 1200 South Granger, with Mrs. Pat Shelton as assistant hostess.

The meeting was opened with prayer by Mrs. John Schwartz followed by Bible reading from the book of Acts. The business included a financial report by the treasurer and by acclamation a \$100 contribution toward the furniture for the church parlor.

The devotion, "Living by Courage," was presented by Mrs. Eleanor Blades.

Games were played with prizes won by Mrs. James Bottomley, Mrs. Morris Skaggs and Mrs. Edna Cox. Refreshments of pie, ice cream, and soft drinks were served to Mrs. Harley Shepherd, Mrs. Lawrence Caluffetti, Mrs. Walter Coker, Mrs. Ed Cummins, Mrs. James Bottomley, Mrs. Morris Skaggs, Mrs. Eugene Morris, Mrs. John Schwartz, Mrs. Gordon Guard Mrs. Coy Brown, Miss Lola Robbs, Miss Mildred Walden, Mrs. Eleanor Blades and Mrs. Edna Cox.

Initiation by Eastern Star Thursday Night

There will be initiatory work Thursday at 7:30 p. m. at the Harrisburg chapter of Eastern Star. Officers of the chapter are asked to attend a practice meeting tonight (Wednesday) at 7 o'clock in preparation for the work. All members and visiting members are invited to attend the initiation.

Mr. and Mrs. Robert Whitney are leaving Saturday for Panama City, Fla., to be gone for a week, during which they will visit their son and daughter-in-law, Mr. and Mrs. Fred Williams.

Annual Picnic By McKinley Baptist Beginners' Dept.

The Beginners' department of the McKinley Avenue Baptist church had its annual picnic Tuesday at Mahoney park in Eldorado.

The superintendent, Ruth Coker, and Bobby Vaughn, a teacher, were assisted by the following mothers: Bonnie Penrod, Roma Caldwell, Margaret Neely, Billy Black, Lou King, Lenora Harris, Lucie Smith, and Betty Frantz.

The children present at the picnic were: Cynthia Caldwell, Sandra Smith, Diane Keltner, Danny Chambers, Wendell Penrod, Steven Black, Beverly Neely, Barbara Fearhelly, Roselyn Penrod, Karen Cannon, Beverly Wicker, John David Frantz, Jerry King, Jimmy Davidson, Gregory Harris, with visitors from other departments—Terry Vaughn, Leslie Vaughn, Myra Penrod, Carole Coker, Linda Davidson, Marilyn Davidson, Connie Jo Frantz, Bobby Neely, and Terry Caldwell.

Family Homecoming at Home Of Mrs. Willie Pankey

Mrs. Willie Pankey celebrated a family homecoming Saturday and Sunday with 27 guests at her home including children, grandchildren, and their families.

Present were: Mr. and Mrs. Lindal Pankey and Gary Washington, D. C. Mr. and Mrs. Frank Pankey and Anita, Tucson, Ariz., Mr. and Mrs. H. J. Middleton and Ann and Mark, St. Louis, Mr. and Mrs. George Pankey and Carla and Dick, Skokie, Ill., Mr. and Mrs. Bill Pankey and Stevie, Algonquin, Ill., Mr. and Mrs. Lowden Pankey and daughter and son-in-law, Mr. and Mrs. Bill Ferrell and baby, Marsha Ann, and Mr. and Mrs. Everett Pankey and Nancy and Jane Rose.

By Joan Seright

Teen Town Notes

It's almost too hot to write this news but I better when I think about Teen Town having its air-conditioned atmosphere.

We have a couple of improvements at the Penthouse. We have an ice cream cooler now, so you can buy all kinds of cold ice cream. That sure will taste good on these hot evenings.

Monday morning Chuck Ford bought nine new records for the juke box to replace some of those oldies.

While I'm on the subject of records I want to remind you all... we have a suggestion box for you to let us know what records you would like to have on the juke box. It's also there so you can express any usable suggestion. If you do have any good ideas let us know.

Our chaperones these past two evenings have been the following: Friday, June 22, Mr. and Mrs. Bill Melton; Monday, June 25, Mrs. Jesse Gibbons, Mr. and Mrs. Karl Wallace, and Bill Holderman.

I understand Norris City has opened their Teen Town and we want to wish them lots of luck. SEE YOU AT TEEN TOWN.

4-H News

The Chatterbox 4-H club met Thursday, June 21, at the home of their leader, Mrs. Leo Fowler.

Plans were made for participating in Share the Fun. A talk was made by Sally Davis on "To Keep Food Clean, Keep Yourself Clean." Refreshments were served by the hostesses Georgianne Tanner and Jane Davis.

North Side Square We Give and Redeem Eagle Stamps

XIX

Jean Cash sat forward in her rocker, full lamplight falling against her face. "If you need friends in town, you'll find Rafter C has them. Juan, the Mexican, was one of Dad's closest. They trail herded together from Texas. Then there's the Swede blacksmith. Salute when you walk up his runway and be humming 'The Battle Hymn of the Republic.' I mustn't forget Hyman, the musician. Dad willed Swenson and Hyman their shops."

Hyman, the thin, dark man who showed too plainly his love for Lily Arnette. So old man Cash had given away shops and his daughter had the ranch with no cattle left on it. "What about Doc?" The past was coming in with its memories. "I hadn't meant to overlook Doc. George La Tour brought me into the world. Oh, he's been a friend to the Cashes. He was one of the pallbearers at Dad's funeral. They'd been friends since they were boys. Dad was known for sticking through the rough spots for a friend, and so was La Tour. He's probably an old sot, but he's still the greatest man left in this country."

He had most of what he wanted now, the details could fill themselves in. It made Cashtown snap to life, with its townfolk taking on flesh and bone for him. When he walked to the Rafter C horse that Alex had saddled Jean came off the porch.

"I realize you've got to see the sheriff, and it's right. But don't let Chantry get rough with you." She reached toward him unexpectedly and let her hand lay against his arm. "What brought you to this country, Frank? A woman?" She saw the darkening that crossed his brow and added gently, "Should I take back the question?" "No. It's all right. It was a relief to get away."

He thought her face lost some of its shadings. She said quietly, "What I want you to understand is this: I trust you. I'll be waiting to hear what happened in Cashtown when you get back."

Frank rode into Cashtown using a shadow-filled side street.

He tied the Rafter C black loosely beside the Alhambra then wheeled toward the entrance. From the edge of his glance he caught the impression of a man with a limp hurrying toward the saloon. The dark, sordid face told him this was Swenson. Frank knew the Swede had watched him ride into town and purposely chose to hunt him up. He didn't care to face the blacksmith's questions and he crossed the plank walk to the Alhambra. Then as his boot touched the first porch boards Lily Arnette's song struck him. Momentary applause drowned out her singing. Then this died and again he heard Lily's voice. There was a throb in her throat, a resonance to her song. Involuntarily Frank found his steps dragging. He had met talent before but never in so strange and ill-flavored a place.

He entered the Alhambra delaying at the rear of the room purposely. Bright light threw a foggy glow around the cigar smoke hanging to the chandeliers. The hush of a score and more breathless men met him. He saw a look of concern cross Jack Bamford's face and knew the man was disturbed by his return. The fiddle player was standing alone next to an idle gaming table watching Lily. The expression about Hyman's face shot through Frank.

Presently he was aware of Swenson reaching his side. The smell of forge fire, of hot steel clung to the man. He turned slowly, meeting the Swede's sober head-on stare. "You in the Alhambra?" he murmured with open censure to his voice.

"While she sings," the blacksmith explained quietly, "it's different. A respectable man can be excused for coming to hear Lily."

The blacksmith's gaze shifted to the barroom with its cowpunchers and townsmen and roustabouts standing hushed in the aisles, to the platform where Lily Arnette in white satin was taking these men away from the roughness which filled their existence. Swede stood with his head thrust back, his heavy domineering chin tilted upward, and with deep gravity about him. When his look returned to Frank, Frank knew Hyman was not the only man in this room that had put the singer on a high plane. Except for the courage given it by Lily this would be a brutal town without friendliness, without grace and without hope.

Swenson was frowning stolidly. "Ain't you pulled your freight yet? Or did you change your mind about the Rafter C proposition?"

"Changed my mind," Frank told him. "Jean Cash signed me up." It was as though darkness had hovered overhead but now relief softened Swenson's face. The Swede continued to watch Frank closely while he made up his mind. "That makes a difference," he admitted. "Doc La Tour asked me to find somebody to lend a hand." Frank wondered if the cook who had scalded himself in deep lard had taken an unexpected turn for the worst. "Juan Lopez?" he asked.

Swenson shook his head. "Another fellow I reckon you know. He was shot a couple nights ago

and been ridin' around without attention. Doc's got to saw off his arm while you and me hold him down. He's doing it while Lily sings."

(To Be Continued)

Teacher Charges 'Rotten Boroughs' In Legislative Map

CHICAGO (AP)—A schoolteacher charges there are "rotten boroughs" in the new map of Illinois legislative districts.

Robert H. Engle of Chicago, who has studied the complex subject of reapportionment, said Monday the 1955 remap job had failed to insure equal representation for all voters.

Engle told the City Club of Chicago that the population of the new House districts varies from 19.1 per cent below average for the 45th, composed of Iroquois and Vermilion counties, to 39.5 per cent above average for St. Clair county, a district in itself.

He said the same wide range applies to the population of new Senate districts. Engle called for action in the courts and in the Legislature to alter the picture.

Federal Highway Program Will Cost Each Motorist \$8.60 Year

WASHINGTON (AP)—The \$32,900,000,000 federal-state highway program proposed in Congress would cost the average motorist \$8.60 a year in higher "user" taxes.

But the experts believe motorists would get back that much and more by saving a penny on each mile they drive on the proposed new super highways.

Furthermore, they say, the new highways should save 3,500 lives each year.

The bill is a compromise between versions the House and Senate already have approved.

Six-Eight Lane Turnpikes
The program is keyed to a vast network of super interstate highways that will take 13 years to build and will cost \$27,500,000,000. The federal government will pick up 50 per cent of the tab—about \$24,700,000,000 billion—with the states supplying the rest.

About 6,000 miles of the 41,000 mile system will be giant turnpikes of six or eight lanes, another 27,000 miles will be four-lane roadways and 7,000 miles will be two lanes, with room to expand when needed. The bureau of roads will decide the type of roadway for the remaining 1,000 miles.

No road signs will mar the scenery. All the highways will be divided and most will be landscaped. There will be no hot dog stands, no intersections, no red

lights, no stop signs, no dangerous curves, no steep hills.

And all of the roads will be free—from Seattle to Miami, from San Diego to Bangor, Me.

Almost every American city with a population of 50,000 or more will have easy access to the interstate network and present plans call for by-passes around 50 major cities to save the motorists' time and nerves.

Death rates from accidents were expected to fall 40 per cent on the super highways—a matter of 3,500 lives a year.

The bill also would authorize construction of primary and secondary roads at a cost of \$5,100,000,000 over the next three years. The federal government and the states would split these costs equally.

Another \$300,000,000 would be spent on roads on federal lands.

To pay for the highways, taxes on gasoline will be raised one cent a gallon. Also increased will be federal taxes on tires, trucks, buses and trailers.

The Bureau of Public Roads estimates that the average motorist—one who drives 10,000 miles a year—will be taxed an extra \$8.60 a year. But it points out that he need drive only 860 miles a year on the new super highways to get it back at the estimated saving of a penny a mile.

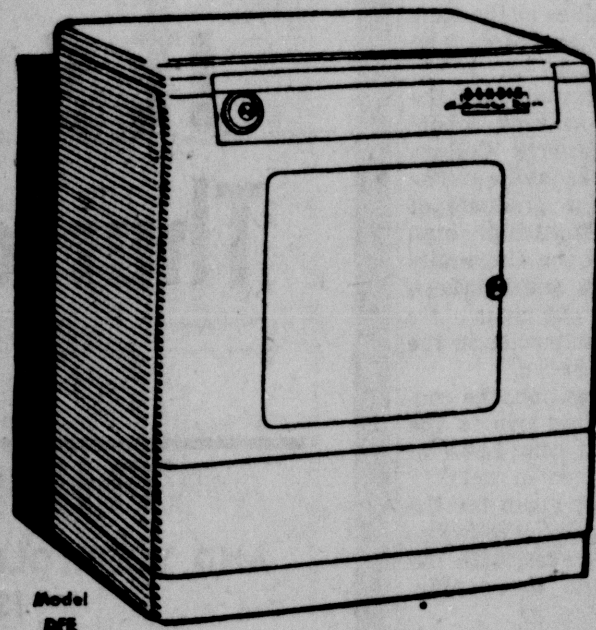

COLONEL ROBERT H. CONK, Chief, Missouri Military District, (left) presents Lt. Col. Allen M. Hunter, commanding officer, St. Louis Recruiting Main Station, the Fifth Army Commanders' Sweepstakes plaque for the month of May. It is the first time in the history of the St. Louis Recruiting Main Station that the plaque has been presented twice within one year. This is attributed to the fact that the high school students, both men and women, are becoming more and more interested in the Army's Technical Schooling Program which is reserved for high school graduates. Thru this program the Adjutant General, Washington, D. C., will guarantee the high school graduate a technical school of his choice in the United States Army prior to his enlisting. The St. Louis recruiting area includes southern Illinois and eastern Missouri.

Brushy

Mr. and Mrs. John Sinn and Mr. and Mrs. Earl Sinn of St. Louis and Mrs. Clarisy Hubbs of Pontiac, Mich., were Sunday afternoon guests of Mr. and Mrs. Charles Lockwood.

The Legion Auxiliary of Galatia served a fried chicken dinner to the Saline Aberdeen Angus Breeders association Thursday evening. Officers elected at the meeting were Eugene Reynolds, president; Noel Bond, vice president, and

Cecil Pulliam, secretary-treasurer. Those attending from Brushy were Mr. and Mrs. Eugene Reynolds, Mr. and Mrs. John C. Small, and W. B. Pulliam Jr.

Rev. and Mrs. Volla Sittig and family were Sunday guests of Mr. and Mrs. A. P. Gollhofer. Esdel Anderson, Mt. Vernon, visited his sister, Mrs. Walter Lee Gollhofer, and family last week.

Good Neighbor Club Meets With Mrs. Clifton Winders
The Good Neighbor club met Wednesday with Mrs. Clifton Winders, 25 West College, in Harrisburg. The meeting opened with the

group singing "What a Friend We Have in Jesus" and prayer by Mrs. Lee Allen. Fourteen members answered roll call with "what the Good Neighbor Club means to me."

The summer meetings will begin at 1:30 p. m. The club will exchange gifts at Karel park at the July meeting and the family supper will be at the park July 13 at 7:30 p. m.

Games were played and prizes were awarded to Mrs. Dean Guye,

Mrs. A. J. Drott and a door prize to Mrs. Vola Sittig. Mrs. Drott read a poem "Or Do You Just Belong" and refreshments of cookies and ice cream sodas were then served by the hostess, Mrs. Laraine Escue was a guest at the meeting.

Hibernating Bird

Only bird known to hibernate is the poorwill, a southwestern cousin of the whippoorwill. One was found sleeping in a cave two consecutive winters.

THREE PORTRAITS, shown here by J. R. Metcalf, were accepted and exhibited by the Illinois Photographers Association convention held at Peoria recently. The pictures were judged by an out-of-state jury of experts and the one held by Mr. Metcalf was selected as top man's picture of the show, winning the first place blue ribbon and the gold trophy for the best man's picture shown at the 1956 convention. The engraved trophy and portrait, which is of a Mr. Brockman, is on exhibit at the Metcalf studio. The pictures below which were accepted for exhibition are (left) Mrs. Jim Duncan, and (right) Janice Harwood of Carrier Mills, Miss Saline County of 1955.

Never Too Old to Start New Career

EAST ST. LOUIS, Ill.—At the age of 91, John E. Miller has started the third full career of his life.

Miller resigned his post as bailiff of the federal court in East St.

The Daily Register, Harrisburg, Illinois
Page Ten Wednesday, June 27, 1956

Louis in March after 12 years of service

Before that, Miller served for 55 years as an educator, starting as teacher in a one-room school and finishing as superintendent of St. Clair County, Ill., public schools.

Miller said he has started his third career, that of a writer, in his favorite field—history. He has begun a history of the Mississippi Valley.

Gallatin County Popular Place to Get Married; Couple Holds Reception First

Gallatin county continues to be a mighty popular place for couples planning to get married. In fact, one couple was so intent on being married in Gallatin county that they held their wedding reception before the wedding ceremony when they found they couldn't get the marriage license at the hour planned.

Mrs. Yules Wren, wife of the Gallatin county clerk, stated they left home early one evening after closing the clerk's office, leaving a note on their gate that they would return about midnight.

Near the midnight hour a wedding party from Evansville drove up to the Wren farm home to get a license.

They stated the couple came for the license about 5 that afternoon and when they found the Wrens away from home returned to Evansville, where a wedding reception had been planned for 8 that evening.

When they explained the situation, friends suggested they go ahead with the reception plans and have the wedding later.

So the couple from Evansville were married in Shawneetown, as planned but about four hours after the wedding reception had been held.

A look at County Clerk Wren's books show that 109 marriage licenses were issued from the first of June through Monday afternoon, June 25.

Couples came from all over—Michigan, Wisconsin, Kentucky, Indiana—and in one instance the bride was from Canada and the bridegroom's home was in Connecticut. And the marriage had an international angle, as the couple had met in Johannesburg, Africa, where they were formerly employed.

VACATION ALONG THE LINCOLN TRAIL—Thousands of vacationers follow the Lincoln Trail across Illinois from the Vincennes bridge to New Salem every year. The Department of Conservation, through its Division of Parks and Memorials, is constantly adding improvements for the pleasure and enlightenment of visitors who find great satisfaction in following the steps of the Great Emancipator. (Department of Conservation Map and Photos)

County Social Security Payments Now \$117,442 Monthly; 2,499 Persons Benefit

Old-age benefits under Federal social security were awarded to more than 2,500 of the nation's newly retired workers a day during 1955. In Saline county alone, 136 more retired workers were receiving old-age monthly benefits at the end of 1955 than at the beginning of the year, according to figures just released by E. Bishop Hill, district manager in Harrisburg.

At the end of 1955, 1316 retired workers in Saline county were getting monthly old-age benefit payments. In the country as a whole the number of persons receiving old-age and survivors insurance benefits increased by nearly 1.1 million in 1955, 16 per cent more than at the end of 1954. Nationwide, there were almost four and a half million retired workers receiving old-age benefits at the end of 1955 and an additional three and a half million dependent and survivor beneficiaries — wives, husbands, children, mothers, aged widows, widowers, and parents. All in all, 2,499 persons in Saline county were receiving social security payments at the rate of

\$117,442 per month as of December 31, 1955. In Saline county, retired workers were receiving \$75,789 monthly in social security payments as 1955 came to a close, Mr. Hill said. Dependents of old-age beneficiaries or survivors of workers who had died were getting \$27,574 a month in Saline county at the end of the year. These amounts represent substantial increases over the preceding year.

Pointing out the significance of old-age and survivors insurance under social security as a floor of financial protection for the aged, Mr. Hill said that in the nation as a whole today, over half of the non-working aged people are eligible for monthly benefits under the social security program and that in the years ahead the proportion will steadily increase. This, he said, will result primarily from the extension of coverage under the 1954 amendments to approximately 10 million more working people—including most of the nation's farm population.

Children made up a large group of beneficiaries in Saline county in 1955; 399 of them were receiving monthly benefits totaling \$13,759 at the end of the year. Most of them were survivors of an insured father or mother who had died, but some were the minor children of retired workers receiving old-age benefits.

If the child of a retired or deceased person is entitled to monthly payments, the child's mother may also be entitled to benefits, regardless of her age. In Saline county at the end of 1955, 100 widowed mothers who were caring for child beneficiaries were receiving \$4,497 per month; \$9,318 went to aged widows, aged dependent widowers, and aged parents of deceased workers in December 1955. Lump-sum death payments, which can be made regardless of whether or not monthly benefits are also payable, totaled \$7,945,000 in the State of Illinois in 1955.

The nationwide total of monthly and lump-sum benefits paid under the old-age and survivors insurance program in the year 1955—\$4,855 million—exceeded the total amount paid in the 11 1/2 years from January 1940 through June 1951. By the end of 1955, benefit payments under the program had totaled almost \$19.7 billion since the beginning of the program.

The increase in total benefit payments reflects the marked rise in the number of beneficiaries and also the larger benefits payable to qualified individuals as a result of the 1950, 1952, and 1954 amendments to the Social Security Act.

While benefits can now be paid for as many as 12 months preceding the month of filing an application, Mr. Hill urges everyone to get in touch with his social security office (1) when he reaches age 65, even though he is still working, (2) when he reaches age 72, regardless of the amount of his earnings, or (3) when the family breadwinner dies. People who have been in employment or self-employment covered by old-age and survivors insurance but who have become totally disabled should also get in touch with their social security office, or have someone do so for them, he said.

Thinking It Over

By Robert L. Diefenbacher, D. D.
Written for NEA Service

HIGH in the control tower overlooking an airport sat a huddled little group of seasoned air travelers. They had just been grounded by bad weather. They scrutinized the radar screen in search of a break through the storm front. Now and then a little silver spot

appeared on the edge of the screen. The spot moved toward the unseen danger ahead.

As the spot approached the whitened area of the screen a voice would come over the loud speaker. After a brief word of verification that the silver spot was a plane filled with passengers there would come the expected

request for guidance and help. The operator in the tower would calmly direct the pilot to a safe course parallel to the storm front and advise him of dangers directly ahead.

Sitting and watching the calm direction of air travel, it appeared so simple for God to know where men were moving on the earth. He could so readily see the dangers ahead of his children, and He could call directions to them. If they did not heed His voice, or if they were not tuned in on His wave length, or

if they took things in their own hands, He could still see their troubles ahead.

No one can long look at the screen of the heavens without vowing to tune in on God, and to maintain constant contact with Him. He alone knows the dangers which we cannot see and which we refuse to heed. We must keep in touch with God's control tower and to follow his directions if we want to avoid disaster.

New Scholarship For SIU Freshmen

CARBONDALE, Ill. — Borden Freshman Prize, a new scholarship for students who have completed their first year of college, has been established at Southern Illinois university.

Sponsored by the Borden Company Foundation, Inc., of New York, the award is designed to recognize and encourage outstanding college scholastic work done during the freshman year, according to Erwin D. Stasek, SIU supervisor of scholarships and loans.

Supplementing a Borden scholarship program for college seniors which has been in effect 11 years, the freshman prize is being instituted at a limited number of the nation's colleges and universities.

The initial program at Southern Illinois has been set up on a five-year basis, with \$200 to be awarded to the top-ranking freshman at the end of each academic year.

Only freshmen who have completed a full academic year (September-June) at Southern will be eligible for the Borden prize, Stasek said. In the event of a tie in scholastic records, the prize will be awarded to the student who has carried the heaviest academic load.

Stasek said the first Borden Freshman Prize winner will be named next month by the University Scholarships and Loans committee.

Tokyo Cabby Collects Overdue Fare in U. S.

BEVERLY, Mass. — A cab driver in Japan used the United States mails, the assistance of Chief of Police Edward Aucone and good business enterprise to collect an overdue \$20 fare.

From his place of business near Tokyo, he wrote a letter to the chief requesting assistance in the collection of a fare owed him by a Beverly airman who was suddenly transferred back to the United States.

Chief Aucone contacted the serviceman's family out of curiosity and the family readily agreed to pay the bill.

Raleigh Register

Opal Goodson, Correspondent

Members of the Methodist church recently gave a reception for their new pastor, Rev. E. Yost. Following prayer meeting, the members met in the church basement for the reception.

Rev. Delmar Feazel, pastor of the Union Grove Baptist church, has been principal of the Vacation Bible school there for the past two weeks. Commencement was held Sunday night. Those attending the commencement from Raleigh were Rev. and Mrs. Williams, Patty Williams, Opal and Darlene Goodson, Rose Ready and Patsy Irvin.

Mr. and Mrs. Virgil Phillips have returned to their home in Springfield, Mo., after visiting with Mr. and Mrs. Wilburn Tate.

Aunt Winnie Newcomb returned home Saturday after vacationing in Michigan.

Patsy Irvin of Michigan is spending her vacation with her grandparents, Mr. and Tom Ready.

Mr. and Mrs. Kermit Cable and family of Berkeley, Mich., are guests of Mr. and Mrs. Wilburn Tate.

Recent callers at the home of Opal and Darlene Goodson were: Mrs. Della Cain, Raleigh, Mrs. Wilda Barker, Mrs. Eva Barker, Mrs. Neva Neal, and Mrs. Vera Barker, Mt. Vernon, Mrs. Yonaka and son, Eldorado, Mr. and Mrs. Ralph Rose, Rev. and Mrs. Albert Holtzclaw and children, Galatia.

Mr. and Mrs. George Bradshaw had as a guest Saturday night Don Holland of New Castle, Ind., who had been stationed in Kaiser-slaughter, Germany with the Bradshaws' son, Donald. He showed movies of their camp, the German farm life, and pictures that the boys had taken while on leave in Amsterdam.

Other guests in the Bradshaw home were Mrs. Robert Quick and children, Mr. and Mrs. Delmer Bradshaw, and Curtis McClusky, Harrisburg.

Mr. and Mrs. Wilburn Williams gave a birthday party Saturday afternoon in honor of their daughter, Patsy's tenth birthday. After games were played, refreshments were served to Darlene Goodson, Patsy Irvin, Phyllis Miller, Linda Miller, and Patty Williams.

Galatia Register

Mrs. Edna Jones Representative

Mr. and Mrs. Ray Smith and children of Marietta, Pa., are vacationing at the home of her mother, Mrs. Anna Bond.

Mrs. Odessa Elder from Kansas and Arthur Eugene Garner from St. Louis have been visiting at the home of Mrs. Wildie Garner.

Mr. and Mrs. Don Ragsdale and sons of Chicago are spending their vacation in Galatia with relatives.

Mr. and Mrs. Alec Boczkiewicz have returned from Chicago where they attended the graduation of their son John who has finished medical school and who will now intern in Chicago.

Mr. and Mrs. Jim Woold were in St. Louis over the week end visiting relatives.

A birthday dinner in honor of little Edna Jane Phelps was held Sunday at Karel park. Those attending were Mr. and Mrs. Don Bush, Mr. and Mrs. Dean Peyton, Mr. and Mrs. Roy Wallace, Mrs. Bruce Baker and daughter, Mrs. Beulah Pollard, Mrs. Phyllis Alexander, Mrs. Ollie Howe and daughter, Diana Wallace, Mr. and Mrs. Arnold Phelps and children, Mr. and Mrs. Alvin Phelps and Mrs. Mary Phelps.

Skipped Heart Beat

No Sign of Trouble

ANN ARBOR, Mich. — Dr. Franklin Johnston, professor of internal medicine at the University of Michigan Medical School, says

you shouldn't worry if your heart skips a beat now and then.

"Many people with no heart disease have transient skipping or irregularities of the heart," he said. "But individuals with symptoms of this kind should not jump to the conclusion that these sensations are indications of serious heart trouble."

White Sox on Yankees' Heels With Nine Straight; Roberts Halts Braves' Win Streak

By United Press
The stirred-up White Sox and Indians were peppering the Yankees from both flanks today, anxiously waiting for one false move to knock the New Yorkers out of the American league lead.
The White Sox, with definite designs on first place, ran their winning streak to nine games Tuesday night with a 4-1 victory over the Red Sox while the Indians reeled off their seventh straight triumph by edging the Orioles, 4-3.
Southpaw Whitey Ford kept the wolves from the door, as it were, when he pitched the Yankees to an 8-4 victory over the Athletics, thereby enabling the Bronx Bombers to retain their shaky 1-2 game lead.

Harshman Trims Bosox

Jack Harshman helped the White Sox run their winning streak to the longest one in five years when he set the Red Sox down on three hits for his fifth victory. The current Chicago winning streak is the longest since the 1951 White Sox won 14 games in a row.

Tom Brewer held the White Sox to three hits in six innings but all came in the second inning when Chicago scored three runs on two singles, a walk, an error by Ted Williams and a double by Luis Aparicio.

Early Wynn recorded his eighth victory with a five-hit effort over Baltimore, the Indians breaking a 3-3 tie when Bobby Avila and Gene Woodling hit back-to-back doubles off reliever George Zuverink in the seventh. Baltimore led 3-0 until the sixth when the Tribe tied the score with a three-run

rally off starter Connie Johnson.
Yankees Parade Homers
Home runs by Yogi Berra, Billy Martin and Andy Carey carried the Yankees to their victory over the Athletics. Ford gave up seven hits, including a ninth inning homer by Harry (Suitcase) Simpson. Ex-Yankee Tom Gorman was the loser.

Detroit and Washington battled to a 2-2 tie in a game limited to 4-3 innings by rain. The Tigers, who entered the game with a nine-game losing streak, tied the score in the bottom of the fifth off Bunky Stewart when they scored a run as Al Kaline hit into a double play with the bases full. Managers Bucky Harris of Detroit and Chuck Dressen of Washington each protested the game as a result of a play which delayed the game 15 minutes in the first inning.

The drawn-out argument that ensued revolved around whether Senator outfielder Ernie Oravetz caught Jack Phillips' long drive before or after it hit the left field screen.
Robin Roberts, back on the beam again after a poor start, snapped the Braves' 11-game winning streak with a five-hit 4-2 victory for the Phillies. Roberts struck out seven and didn't walk a batter in evening his record at 8-8. The Phils broke a 2-2 tie at the expense of Ray Crone in the eighth when they scored two runs on singles by Stan Lopata, Del Ennis and Elmer Valo along with an error by Bobby Thomson.

Braves' Lead Cut

The defeat cut the Braves' lead in the National league to 1-2 games over the second-place Redlegs, who were rained out in a game with the Pirates.

Rube Walker, a last minute replacement for Roy Campanella, drove in six runs with a homer, triple and a double to pace the Dodgers to a 10-5 decision over the Cubs. Walker tripled with two on in the first inning, homered with one on in the sixth to break a 4-4 tie and wrapped the game up with a two-run double in the seventh to insure Sal Maglie's second victory. Jackie Robinson clouted a pair of homers for Brooklyn while Gene Baker and Walt Moryn each homered for Chicago.

Ruben Gomez limited the Cardinals to three infield hits in pitching the Giants to a 3-0 victory. Wilmer (Vinegar Bend) Mizell was the loser although he didn't give up a hit. He started for St. Louis and walked the first three batters he faced. Larry Jackson relieved him and Bobby Hofman hit into a double play, sending one run across while Bill Sarni followed with a single for another run.

U. S. Faces Stern Competition in Men's Singles

WIMBLEDON, England — America's top hopefuls for international tennis supremacy, Budge Patty, Vic Seixas, and Ham Richardson faced stern competition in the men's singles of the All-England championships today.

Richardson, the Baton Rouge, La., Davis Cupper who is a student at Oxford, will open the day's business by completing a marathon set with Jack Arkininstall of Australia that was halted by darkness on Monday, with Richardson leading 6-4, 9-7, 11-13.

Fourth seeded Patty of Los Angeles will play Bobby Wilson of England in his second round match while the veteran Seixas of Philadelphia, who is seeded eighth, plays Jean Molinari of France.

In other matches involving Americans, Sammy Giammalva of Houston plays Gordon Forbes of South Africa; Gil Shea of Los Angeles meets Bob Perry, also of Los Angeles in an all-America duel; Tony Vincent of Miami, Fla., takes on Herbie Flam of Beverly Hills, Calif.; Barry MacKay of Dayton, Ohio, opposes Torbe Ulrich of Denmark; Pablo Eisenberg of Millburn, N. J., meets John O'Brien of Australia; J. Allen Morris of Atlanta, Ga., goes against Bruce Gulley of Australia; and John Fleitz of Long Beach, Calif., plays D. B. Hughes of England.

Fight Results

By United Press
MIAMI BEACH, Fla. — Lulu Perez, 130, Brooklyn, N. Y., outpointed Rudy Ortega, 127, Havana, Cuba (10).

LONDON—Joe Lucy, 134, London, stopped Sammy McCarthy, 134, London (13—retained British Empire lightweight title); Joe Bygraves, 190, outpointed Kitione Lave, 200, (15—retained British Empire heavyweight title).

STOCKTON, Calif. — Flash Elorde, 130, Manila, KO'd Cecil Schoonmaker, 127, Los Angeles, (9).

Sports Briefs

LONDON — Joe Lucy still was the British Empire lightweight champion today and Joe Bygraves held the empire heavyweight title.
Lucy scored a technical knock-out Tuesday night against challenger Sammy McCarthy. The referee stopped the bout at the end of the 13th round.
Bygraves defeated Kitione Lave in a 15-round decision.

NEW YORK — New York Giants third baseman Henry Thompson, beamed by Tom Poholsky of the St. Louis Cardinals on June 6, was back in the hospital today because of returning headaches. Thompson spent three days in a St. Louis hospital and then entered a local hospital here later.

Hogan Wins Canada Crown

WENTWORTH, Eng. — Even with his wings clipped, Ben (The Hawk) Hogan swooped in to make off with the Canada Cup crown.

Winding up more than 10 hours of play on weary, wobbly legs, the 43-year-old Hogan fired some of the greatest clutch golf of his career Tuesday to card a final round 68 for a 277 total which gave him victory by five strokes.

Hogan's stirring rally, which included an eagle three on the fourth hole, coupled with a matching 68 by Sammy Snead earned the United States its second team victory in a row in the Canada Cup series. Ed Furgo and Melvin (Chick) Harbert won a year ago at Washington, D. C.

The stoical, crisp-shooting Texan, limping occasionally near the end, received \$1,000 in prize money for winning the individual crown plus the \$1,000 he and Snead each won for their team triumph.
Hogan's 277 total, which was seven under par, gave him a five-shot margin over runner-up Roberto DeVicenzo of Argentina, member of the Mexican team, who lost six strokes to Bantam Ben on the final round.

Flory Van Donck of Belgium was third with 283 followed by Dai Reese of Wales at 284, Bobby Locke of South Africa at 285 and early leader Stan Leonard of Canada at 286.
DeVicenzo, who had a morning round of 67, played erratically in the afternoon and wound up with a 74. Snead carded a 73 in the morning round but got his game under control over the final 18 holes.

National Mile Mark by Illinois Runner Approved

The national mile record of 4:16.1 set by James Bowers of De Kalb high school was one of six new high school marks approved by the national interscholastic records committee in meeting Monday.

Bowers set the national record May 25 at the North Central Conference track meet at Sterling. A week earlier, in the Illinois state finals Bowers set a new state mile record of 4:20.7.

The interscholastic records committee, in session at Jackson Lake Lodge, Wyo., also approved the following records:

High jump—6 feet 9 3/4 inches by Walter Mancham Jr., Mount Lebanon high school, Pittsburgh; Pole vault—14 feet 3 1/8 inches by James Brewer North Phoenix, Arizona high school; 440-yard dash—46.7 by Jerry White of Corcoran, Calif., high school;

Shot put—63 feet 9 1/2 inches by Homer Robertson, Pacific high school, San Bernardino, Calif.; 880-yard relay—1 minute 25.9 seconds by Joe Batten, Willy White, Terry Randall and Henry Phillips of Jefferson high school, Los Angeles.

To Build Football Stadium on Site of Air Force Academy

COLORADO SPRINGS, Colo. — A private-financed organization plans to construct a "moderate sized" football stadium on the site of the new U. S. Air Force Academy north of Colorado Springs. The organization, the Air Force Academy Foundation, has been given permission by Air Force Secretary Donald Quarles' office in Washington to go ahead. Preliminary plans call for a 65,000 seat stadium to be ready for the 1958 season.

YANKEE STOPPER

Johnny Behr, Member Of Illinois Boxing Commission, Dies

CHICAGO — Funeral arrangements were being made today for Johnny Behr, member of the Illinois Boxing Commission since 1953 and a boxing coach for more than 30 years.

Behr died Tuesday after a heart attack suffered while watching a handball game at the Illinois Athletic Club, where he was athletic director for the past 36 years.

Behr, 62, was coach of the U. S. Olympic boxing team in 1936. Prior to his appointment to the boxing commission, he was active

as a referee and worked numerous major fights.

Behr was the second member of the boxing commission to die in the last five weeks. Livingston Osborne, chairman of the commission, died in mid-May and Frank Gilmer recently was named to replace him.

TEMPO VII SOLD

Pittsburgh — (NEA) — B. G. Barley of Pittsburgh bought Guy Lombardo's Tempo VII, the national unlimited hydro champion of 1955.

William J. Beal, early agricultural scientist, was first to cross-fertilize corn, ushering in hybrid corn.

Dairy Brand, Pirates and Pankey's Win Games in Kiwanis League Play

By David Nelson
Dairy Brand nosed out Crab Orchard, 3-2, the Pirates downed Walker's Cleaners, 11-7, and Pankey's Bakery defeated Jackson's Drugs, 13-7, in Kiwanis league games Tuesday.

Dairy Brand came from behind to score two runs in the last of the seventh, as they nosed out Crab Orchard, 3-2. The winners' other run came in the sixth, as did both of the losers' tallies. Hicks led the winning Dairy Brand team at bat with two singles, and Ramsey picked up their only other safe blow. Parton, King, Stanley and Renfro all had singles for Crab Orchard. Boyett was the winning pitcher, giving up two runs on four hits and two bases on balls. Hasting was on the hill for the losers and gave up three runs on three hits, three errors and three free passes.

The Pirates sailed to their sixth victory in a row as they downed Walker's Cleaners, 11-7. The winners led all the way, scoring three in the first, two in the second, one in the third, one in the fourth, two in the fifth and two in the sixth on 11 safeties. The losers crossed the plate once in the first, once in the third, twice in the fourth, once in the fifth and twice in the sixth on five base blows.

For the Pirates at the plate Summers had a home run and two triples, Vick hit a home run and two singles, S. Howton homered and singled, M. Howton singled twice and Morgan hit safely once. Wiley and Wollesen had two hits each for Walker's, and Waller picked up a triple. S. Howton and M. Howton hurled for the winners and Hodson took the loss.

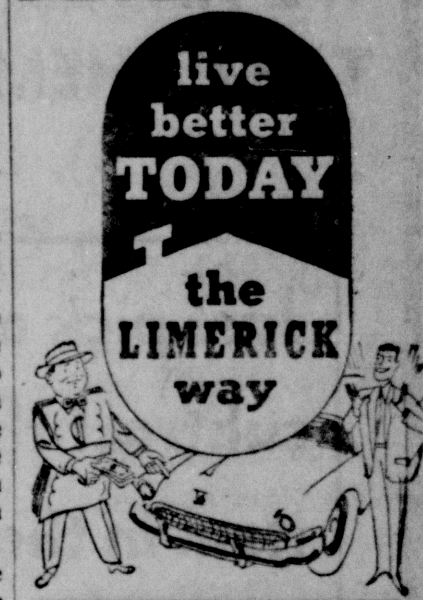

Pankey's Bakery scored seven runs in a big sixth inning as they defeated Jackson's Drugs, 13-7. Pankey's also racked up one run in the second frame and five in the fourth. In losing, Jackson's tallied two in the fourth, three in the fifth and one each in the sixth and seventh.

Wunderlich, Trammell, Stunson, T. Owens and Gibbons had two hits and W. Owens and Hill hit

safely once for the winners' 12-hit attack. Gulley led Jackson's with four singles, and Johnson, Hegglin, C. Wollesen and Salus had one hit apiece. Gibbons was the winning pitcher, striking out 12, and Gulley took the loss.

What would you do with \$50,000?

IF YOU OWN ANY CAR—any make, any model, any year—that's what you can win in Plymouth's exciting new contest, the \$100,000 SOLID GOLD LICENSE PLATE JACKPOT! It's easy to enter; easy to win! Think what you could do with \$50,000 in cash; ENTER TODAY!

Enter Plymouth's \$100,000 Solid Gold License Plate Jackpot Today!

1st PRIZE:
\$50,000
IN CASH

2nd prize: **\$10,000** in cash
3rd prize: **\$5,000** in cash
4th prize: **\$1,000** in cash

442 other cash prizes:

2 prizes of \$500 100 prizes of \$100
40 prizes of \$200 300 prizes of \$50

HERE'S ALL YOU DO: Take your registration certificate (or any other legal proof of ownership) to any Plymouth dealer's, register your car's license number (ANY CAR AT ALL, REMEMBER), and complete the simple entry blank. Nothing to buy! It's easy! Fun!

And, if you're one of the 446 happy winners, the license plate on your car may be worth (in cash) its weight in solid gold, or even more! You may win up to \$50,000 IN CASH!

See complete Jackpot rules at your dealer's now, complete the free entry form, and you're set to be a Jackpot winner! Do it today!

Hurry! Jackpot closes soon! See your dealer who sells

Compare Lloyd L. Parker's Prices and Services against any Discount House, Mail Order, or "Wholesale" Catalog!..

DISCOUNT SALE!

WE HAVE LISTED AND PRICED VARIOUS SERVICES YOU NORMALLY GET FROM DEALERS... DO NOT TAKE THEM for GRANTED, because during this Sale YOU CAN BUY WITH or WITHOUT THESE SERVICES.

Just pick out the services you don't want and we will subtract their cost from your price on any furniture item in the store this Thursday, Friday, and Saturday.

If We Order It And You Wait For It To Come In . . .

WE SUBTRACT 3%

It usually takes from 3 to 8 weeks. We save our stock items for someone who wants immediate delivery so we can afford to reduce them if you are willing to wait. With us you can at least see the items instead of just a picture.

If You Pay Freight Charges . . .

WE SUBTRACT 6%

6% is an average figure. It runs from 12% to 4%, depending on distance it comes, its weight, and how it comes. Also it must be delivered from the freight house to your home.

If You Handle and Uncrate It . . .

WE SUBTRACT 3%

It must be brought to and unloaded at your home and then carefully uncrated, correctly assembled and set up. The packing wax and grit must be cleaned off without scratching the finish.

If Damaged You Make Claim . . .

WE SUBTRACT 3%

One out of four pieces is the average for in transit damage. Many of these are not discovered until after the article is uncrated. Someone must go through the red tape of filling out damage claims and inspection reports. Some carriers cooperate better than others but there is always the danger of getting in the middle with the carrier claiming factory defects and the manufacturer claiming in transit damage.

If No Dealer Guarantee . . .

WE SUBTRACT 5%

Reliable manufacturers guarantee against defective material and workmanship and will replace defective parts free, but someone must take off the defective part, send it in for inspection and identification, then install the new part. This is the dealer's share of service responsibility. A dealer who really makes good on his guarantee has to manage well to hold his cost to 5%.

If You Pay Cash With No Trade-in . . .

WE SUBTRACT 10%

When the dealer prices right he should break even on his trade-ins . . . but even then he has to sell them, deliver them, collect the accounts on them, and sometimes even service them, so paying part cash and part trade-in is not the same as paying all cash. An all-cash deal requires no bookkeeping expense. 10% is considered an equitable discount by most dealers. So during this sale we will reduce 10% if you pay all cash on a \$50.00 or more furniture purchase and have no trade-in.

Total Cost Of Dealer Services . . .

30%
